
Diamante Bridge Collective

Proposal Initiator: Tien S

Proposal Status: Draft

Governing Council: Regenerative Enterprise

Advice Process Location:

New Earth Immersion - Plant 10k trees

Date **04-27-22**

Context and Driver for this Proposal:

In an effort to beta test the Mobile Infrastructure team, Be Role Models, and share expertise across cultures... We have the opportunity to BE THE TEAMS that help pull off an event where the intent is to reforest a much needed corridor in Sevegre Costa Rica with 10,000 trees, 100 volunteers in 6 days.

Expected Outcomes:

1. Create a Medical team of 2-4
 - a. Requires High Level knowledge of emergency medical and plant medicine
2. Create a Planting Lead team of 5-6
 - a. Requires previous lead tree planting expertise
3. Create a event Floating team of 3-5
 - a. Requires a helpful and active role in all things for all days.

SPECIFICATIONS

The event Starts on May 10th - Opening ceremony, Cacao, meet & greet

On May 11th, 12th we will Plant from 8a-11:30am, have lunch, and plant from 3-5pm

On May 13th we will Plant 8-11am only - Afternoon off.

On May 14th & 15th we will be offered to join the 'Master Class' hosted event. Or not.

On May 16th & 17th we will plant trees again.

Cook provided for Breakfast and Dinner for our staff. Lunch Provided daily by Mono Congo

We will CAMP out there but have access to kitchen and river for bathing and needs.
