

Scene 1: Fio and the Rabbit Merchant

Fio finally arrives at the merchant after Percy had asked her to see if she could get a discount from the little business rabbit. Though admittedly Fio didn't have the heart to tell Percy that she didn't have any charm spells. Though she wasn't the best socially, and not the prettiest (though Ram did say she was cute so maybe she was just being hard on herself), she would try her best! Little did she know, but both her friends were secretly spying on her from a distance.

Rabbit: "Two carrots for a Turip! Get your fresh turnips! Just 2 carrots!"

Fio: "Hello Mr. Rabbit! Me and my friends are currently on a quest and we really need that Turnip."

Rabbit: "You got two carrots?"

Fio: "Well no bu-"

Rabbit: "Den move along missy, I have Turnips to sell and you're scarin da other rabbits away!"

Fio: "Wait! Are you sure, there isn't any other way I could get that turnip? Like I can do magic!"

Rabbit: " and pull me out of a hat? Yeah I'll pass, though....."

The Rabbit looks Fio plump voluptuous form up and down, as she leans over to look at him. His eyes flash with lecherous intent, before rolling a turnip in front of his crotch to hide his growing erection. The humanoids are always so skittish when it comes to dealing with animal folk and boners.

Rabbit: "HmMMM fine little Miss Magician, how about you make your boobs appear?"

Fio's face went deep red and she stood up straight. Surely this little rabbit didn't just straight up ask her to flash him her tits, Right?

Fio: "I'm sorry, umm I think I misunderstood something, what did you want me to do?"

Rabbit: "Show me your tits. And not just a flash! You got to shake em around, you know give me a show."

Fio's face got redder as she awkwardly rocked back and forth on her heels.

Fio: "But.... I can't do that..."

Rabbit: "Den please leave, you're getting me all hot under the fur and I'm a business rabbit not a charity worker."

Fio: "You sure there isn't anything else you want?"

Rabbit: "Not unless you got two carrots stuffed up ya cunt, and definitely not if there in the other one. Two tits for a turnip."

The rabbit accented his frustration by thumping the ground loudly with his back foot. Fio bit her lip as she looked over her tits at the little white furred creature. Well she didn't think it would hurt much, it was just her tits.

Fio: "Okay..... I can do that...."

Fio fumbled with her suspenders as she slowly lifted her top off, and untied her bra. Her large tits tumbling out of the tight confines of them, the fresh air feeling wonderful on her chest. A cool gentle breeze started making her nipples perk up.

The rabbit thumped his foot again, while whistling at Fio.

Rabbit: "Lovely pair you got der miss Magician, not as many as a rabbit lass, but you two leggers always make up in size!"

Fio: "Thanks..."

Rabbit: "All right now go on give em a shake."

Fio blushed before nodding and shaking her tits from side to side. She then hefted them with her hands bouncing them up and down.

Rabbit: "Give dose nipples a good tug."

The rabbit ordered her, which she happily obliged. Tugging and pinching her nipples drawing out soft moans from her lips. She was so caught up in the sensation of playing with them that she didn't notice her suspenders had fallen to the ground, showing off her massive booty, and the wet mark growing in her panties. The rabbit's nose twitched at the scent of a female in heat.... Of two females in heat, maybe three.

The rabbit looked around trying to spot the other two, which broke Fio out of her self pleasuring trance. She quickly move to grab her fallen suspenders.

Fio: "Oops! Ummm so can I have that Turnip."

Rabbit: "Of course! Dough I'll give you anoder if you show me da rest."

Fio: "I don't know Mr Rabbit."

Rabbit: "Come on you're already half naked, and I'm an animal anyway, not like I don't frolic in da nude everyday."

Fio: "but Percy just needs one... I think."

Rabbit: "I'll show you mine then make dings fair."

The Rabbit rolled the turnip towards Fio revealing a surprisingly human sized soft pink, pointed shaft. It drooled a bit of precum from its point, down its length, and onto the massive soft white balls, which were probably bigger than most humans. Fio could feel heat spread from her flushed face down to her plump wet pussy. She gulped awkwardly as the Rabbit winked at her, his ears twitching as he pinpointed the soft gasp of the other female.

Rabbit: "Like what you see?"

Fio: "I.... Ummmm why is it so big?"

Rabbit: "Great grand Dad was a squirrel."

Fio: "Really?"

The rabbit nodded.

Rabbit: "Yeah, dink his name was like Steve or Stewart, someding wid an S. Now you want dat extra turnip, or no?"

Fio slowly took off her clothes. Stopping with her fingers in her the elastic of her panties. Was she really gonna do this? An impatient thump, brought her eyes back down towards the well endowed rabbit, who nodded curtly at her.

Rabbit: "Bend over while you do it, I wanna see that lovely ass of yours. Now come on, off wid it."

Fio's heart raced as she just felt herself nod and almost on autopilot, then she turned around and bent over. She then pulled her panties down, revealing her fat ass and blonde haired pussy. The juices of her arousal pooled at the top fold of her pubic mound, giving her bush a glistening shine. She tossed her panties to the side before turning toward the rabbit.

Rabbit: "Now bend back over and spread it."

Fio did as she was told, returning to position before awkwardly spreading her butt cheeks, showing off more of her pussy and tight pink asshole.

Fio: "T-this good Mr-"

Rabbit: "Call me sir, missy. And no, give dat booty of yours a good shake."

Fio jumped a little at the curt response, shaking her ass for the rabbit, before shyly looking back.

Fio: "Anything else Sir?"

Rabbit: "Give it a good slap."

Fio nodded before slapping her large butt sending a ripple through her ass fat. The rabbit ordered her to do it again, and again and she found herself getting hotter and wetter just following the orders of this little rabbit. She shivered when she felt a paw on her ankle.

Rabbit: "I'll give you anoder turnip if you suck me off."

Fio stood up, heart in her throat as she looked down at the little white rabbit. His tiny lustful eyes trailed all over her curvaceous body. His large pink member twitched, flicking a glob of precum onto her foot. He hopped backward before thumping his foot onto the ground.

Rabbit: "I can't do it myself. So get dose lovely lips down here."

Fio: "Y-yes Sir."

Fio sheepishly replied, before laying down onto her tummy, her massive tits smashing against the soft grass, and resting against the rabbit's feet and balls. Placing her face close to the Rabbits throbbled pink member. She couldn't see a cock head like a human would have. Just a long pink shaft, tapering out to a sharp point. The scent coming off it was a fishy earthen smell, with a hint of sweat and urine. The rabbit purposefully shifted up onto its hand legs, placing his front paws on top of her head between her short blonde pigtails. Grinding his cock against her face, before pressing his full balls on her nose.

Rabbit: "Give em a kiss, missy."

The rabbit ordered, and Fio gave each round furry orb a soft peck before running her tongue up from the rabbit's sheath, up to the tip of his cock. As she worked her tongue up and down the rabbit's shaft, licking it gently, the cock left a greasy film inside her mouth. Her breath is gonna smell like rabbit dick for the rest of the day, Fio thought as she started sucking the pointed pink shaft. The rabbit gently squeaked, as Fio tried her best to get to the base of the shaft. Gagging just a little as the rabbit thrust its hips up into her mouth.

Rabbit: "Work dat tongue missy. Mmmmm oh! Oh!"

To her surprise the rabbit climbed more onto her head and began to aggressively fuck her face. His musky furred underside, pressed hard against Fio's nose, as his heavy nuts slapped against her chin. The whole time Fio had her fingers in her pussy, the whole ordeal making her feel both dirty and sexy at the same time. Neither the rabbit nor Fio heard the muffled moans of Espa as she touched herself from within her hiding place.

The rabbit's speed picked up to a fever pitch before the rabbit squeaked and let loose a tide of hot spunk filling Fio's mouth. He then purposefully pulled out to paint her chubby cheeked face with the rest of his load. Fio had to keep her blue eyes half open, as the rabbit's spunk ropes dangled and dripped down her face.

Rabbit: "Good girl, little miss Magician. Dough, you know da old saying? How about for anoder turnip you spread douse nice dighs open for me, and let me plant my carrot in your garden."

Fio licked her cum covered lips and swallowed the rabbit's spent seed. Her pussy was aching, and honestly she needed it. She then simply rolled onto her back and nodded to the horny rabbit.

Fio: "S-sure thing Sir."

Rabbit: "Dat a girl!"

The rabbit hopped around Fio to her open legs. Her blonde haired pussy leaking with girl cum.

Rabbit: "Spread it."

He ordered and as she reached down and opened her sopping pussy lips wide, he gave her clit a soft tonguing. Fio moaned loudly watching as the little white rabbit's ear flopped around as he ate her out.. his soft fur tickling her plump thick thighs,, as his whiskers teases against the folds of her pussy.

The rabbit then leapt up onto her. His white paws clinging to her thighs as he lined up his pink pointed shaft with her wet cunt. A few other rabbits peered at the scene from the sidelines. With a soft grunt the rabbit began to thrust into Fio, his rapid pace drilling his pointed shaft deep into her warm depths. Fio played with her tits as the sound of her moans filled the little clearing.

The rabbit didn't last too long, though a crowd of the small creatures had gathered. His thrusts reaching a fever pitch, caused the plump blonde to squirt as his hit spunk splashed against the back of her pussy depths. He then winked at Fio before hopping off of her, and calling out to the other rabbits.

"3 turnips for her ass, 2 for her pussy, and 1 for her moud."

And with that, Fio found herself taking a train of rabbit cock for a couple of hours. The surprisingly diverse flavors of rabbit cocks stuffing her holes, and filling or coating her with their hot smelly spunk. She found herself enjoying every new dick presented to her. The smell, the taste, the inhuman shape, and the frighteningly large amount of cum pumped from the rabbits' full furry balls was heaven to her. Perhaps what made it all better was they were all clearly pent up, the smaller ones often dumping huge yellowed loads of old pent up cum onto and into her.

Fio found herself even giving hand jobs to the few rabbits who couldn't pay, just to get access to a few more juicy pink cocks. Strangely enough even though her back door was more costly, it saw an abundance of use. Fio quickly learning to love the feeling of cock in her ass, her thick butt often enjoying a hot glazing of rabbit jizz. Her pussy was the most used, and by the end of the aggressive breeding session of the rabbits, was now oozing cum out of it, and when all was said and done Fio was left panting on the cum soaked grass, with the last rabbit wiping its jizz covered cock off in her blonde hair.

"Well dat was earned us a lot of turnips, eh? I dink your cut is about 67! How yah feeling?"

The rabbit merchant asked, as he rolled a few turnips onto a large pile. Fio just gave a weak thumbs up.

"You should take a dip in da river, I'll keep an eye on your turnips while you clean yourself up, eh."

Percy was later "surprised" by all the turnips Fio had made grow, though the massive puddle of jizz and a red faced Espa told him that perhaps there was another way to trade for things. Seems he'll have to take Oolie's suggestion of that dress or well the gift she had gotten him.

Ooldra and Precy's Date

"This dress fits me right? I don't look like a weirdo?"

Percy said to his sister Abigail, and his two friends Espa and Fio, as he fidgeted in a delicate strapless black dress. While admittedly he looked drop dead gorgeous to himself, could barely tell it was him under the makeup and missing his ball cap, he worried he just looked like a creeper. Honestly he never thought of himself as attractive so this whole trap thing was new to him.

"Percy, you look sexy as hell. Just look at your butt! Somehow it looks better covered up!"

Espe called out, using her phone to take a few pictures.

"Probably should bend over to see if your underwear shows, just in case."

Abigail suggested her face plastered with a knowing smirk. Ooldra had asked her help picking out the dress, as an apology for scaring Percy the first time they met. Abigail knew his size, and as he bent down revealing a pair of cute striped panties to a drooling Espa and a beat red Fio, she had gotten him one just small enough for him not to notice the wonderful peep show he was giving. She was gonna have to get assistance from his friends after he finally left, Ooldra was such a lucky troll.

"Can't see a thing brother, right girls?"

"Y-yeah! Can't see anything!"

"Yep, but just incase why don't you shake your butt a little?"

Abigail shot a frustrated smirk to Espa, as her brother shyly nodded and gave his plump behind a shake. His tiny cock somehow dangled obviously through his panties, a little compact buldge swinging like a ripe fago fruit in the wind. The fact that he could hear the rapid shutter snaps of Espa's camera was proof that her little brother was clueless.

"Mmmm yep, nothing showing at all, well you better get going Percy, sister Ooldra is waiting for you!"

Percy grabbed his new letter bag, or well purse, only stopping to hug his sister who snuck an extra troll sized condom into it just in case, Ooldra hadn't partook in normal church duties the moment she found out Percy was here. It was gonna be messy, and Percy was gonna need all the help he could get. The trio waved at the shrinking form of Percy as he ran to town from the guild hall.

"Good luck!"

"Make sure you play with her balls when you suck her off!"

"Espa!" "Espa!"

"What?"

The pair swatted at horny elf who cackled wildly, Abigail chasing the elf indoors. The priestess of Lance yanking off Espa's short shorts as Fio stopped and looked back at where Percy had been.

"Did anyone notice how good Percy is at running in heels?"

Next scene

Percy and Ooldra had been enjoying their night. Dinner by candle light, a lovely stroll through town, some fireworks, saying hi to Nix, hell Ooldra had even convinced Percy to pose for a few tasteful modeling photos. It was strange for Percy to be on the receiving end of all this attention. And there was something comforting about having a massive troll following around behind him. Better yet, he had been finding dollar coins on the ground the whole night! He had like 6 of them by now!

"Oolie doing good? Is Oolie being a gentle troll?"

The towering troll asked, her face holding a worried expression.

"You have been amazing, Oolie. This is the best date night I ever had!"

Percy sighed as he snuggled into the crux of Oolie's arm as they sat in an out of the way park, not even noticing he was resting his head on her breast. Oolie for her part did a tearful fist pump, she had done everything sister Abigail said and was now giving a silent prayer to Lance for luck, though she did feel a little bad having snuck so many peeks at Percy's rear. Especially after having paid Nix to hide all those coins like Espa said.

She pulled Percy closer. Her massive hand gave his plump butt a soft squeeze as she looked down at him blushing.

"Maybe... maybe Percy want make it bester night?"

The troll asked awkwardly as her habit's skirt was lifted up slowly by her horse sized troll cock. Ooldra was panting softly trying to stay as calm as possible, fighting off the powerful urge to snatch up Percy and breed his adorable ass right then and there. Percy for his part just breathed in deeply and snuggled up closer to the troll, looking up at her beat red face and fluttering his eyelashes at her.

"How could we make it better?"

He asked in a clueless tone that caused Oolie's heart to somersault. He was denser than a rock troll, and that just made him cuter.

"Kiss?"

The troll almost squeaked out as she leaned down, almost all the way. Lips almost touching Percy's just like Ram had suggested, firm but not aggressive.

"S-sure."

He said to the troll, closing his eyes and planting a soft kiss on her lips. Her tusks made the kiss a little restrictive, but it was wonderful nonetheless. Her massive hands began to gently grope and feel Percy's curves, the dating thing was out of her element, but making people feel good, that was all in the teachings of Lance. Little squeeze here, gentle tug there, nibble the ear just a little, grunt and tits out. Wait.

Percy had surprised her by taking some initiative, and was currently sucking on one of her big purple tits. Ooldra laid back on the grass enjoying the feeling of Percy straddling her cock as he sucked at her tits. She could feel his cock grinding on her own through his panties. She reached down and gave his ass a powerful slap, drawing out a cute high pitched yelp.

"Oow!"

"Sorry! Oolie didn't hurt Percy?"

"No you're good Oolie, I just ummm wow."

Percy gasped as he just now noticed the massive cock he was straddling. It was as big as his arm, just as thick, and the deep purple tip was oozing precum all over the two of them. The troll gave him a big dumb smile, and said.

"Percy like?"

"I.... Well.... I don't know..."

Ooldra looked sad when he said that, her eyes starting to tear up.

"Ugly?"

"What? No! You're beautiful Oolie!"

"Really? Don't think cock ugly?"

"I..."

Percy looked over her body, her wide hips, massive breasts, rippling abs, her beautiful red hair, and finally the thick pulsing purple cock. It's thick underside had powerful veins tracing across it, it twitched underneath him, warming his thighs as his butt rested gently on her massive balls. He looked back up to Ooldra's worried face, before lifting off his black dress and tossing it safely to the side, and planting a kiss on her lips.

"It's the best cock I've seen. Makes mine look tiny, and gross."

Ooldra frowned and slapped his ass again.

"Hey!"

"Percy cock not gross! It cute!"

"What?"

The troll lifted Percy up with one hand, before gently playing with his bulging panties. A large purple finger grinding against the wet spot where Percy's precum was leaking through. He moaned softly as she rubbed his shaft.

"It cute! Percy has pretty cock!"

"Mmmmmph, really?"

"Yes! Very pretty!"

"Umm t-thanks...."

Ooldra nodded, before sitting back up and kissed Percy on the cheek. She then kept kissing downward, regaining her dominance over the situation. Her strong hands massaging his ass cheeks, spreading them and playing with his panties. Percy for his part gently felt up her giant cock, his fingers playing at her tip, using the drooling pre-cum to lube up her shaft. The troll moaned deeply looking down on Percy, before closing her eyes and whispering to herself. She pulled Percy into a tight embrace, trapping his head between her large breasts.

"Ummm you okay there Oolie?"

"Yes."

He looked up to her crying with tears of joy. A wide smile stretching her face, it would probably look frightening to a normal person. Maybe it was the bliss on her face, or perhaps the subtle rays of holy light, but instead of the monster she always thought she looked like. She instead looked like an angel to Percy, he had never felt so safe in his life.

"My prayers.... Answered.... Oolie and Percy.... Together"

"Yeah... so.... I guess what Abigail packed was a good idea huh."

Percy said, clambering off Ooldra to find his purse. Oolie just sighed happily, watching Percy's butt as he fished around in his bag, gently stroking her dick with anticipation. He popped up holding a troll sized condom and drinking the holy Potion of Entrance. He tried to hand the condom over to her, but she just looked at it with frustration.

"No."

"Oolie shouldn't we...."

She shook her head before grabbing it and tossing it away, and pulling Percy into a tight hug.

"Condoms for people you don't love. Oolie love Percy."

"But, umm wouldn't I be- whooah!"

The troll lifted Percy's ass up to her face, pressing his face into her cock.

"Will live. Troll spit good lube."

She said matter of factly, before tearing off his striped panties with her teeth. She then spat a large glob of it onto his winking buttohole. Oolie then began to kiss and tongue his ass, occasionally motorboating his plump round butt cheeks.

Percy's cock was drooling the whole time, a long string of precum connecting his cock to her's, as he planted kisses all over her balls, leaving pink lipstick smears all over the full purple orbs. The troll pulled her lips away from the messy well lubed hole and looked to the plump shaven balls of Percy. She then lifted him away from her

Hello and this is just a sorta afterword so feel free to ignore this. Oh also the Rabbits use the D instead of the Th because of their big front teeth. That and I wanted to give em a little bit of a yoooper accent.. I was unsure of how to get my thoughts across for folks, and I wanted to at least add a framework for this to possibly be added, also so it "fits" into the game. Also kinda wanted to keep that summer sweeper vibe so i wanted to properly frame everything. Basically the idea is you'd be able to send Fio or Espa, or if there is a secret cute dress added, Percy to the merchant to get a discount or well a free trade at the cost of turns, and with the bonus of enjoying the animal salesmen having their fun. Scene progression for each character will be relatively the same, the merchants clearly asking for more each time. I'd suggest using layers for each position so you toss a few in the background and just add them all at once to show the gang bang.

Fio:

1. Showing boobs,
2. Fully naked
3. Boob Job
4. Fucking

5. Gang bang

Espa:
