

In our interconnected world, we cannot turn a blind eye to the alarming reality of at least eight ongoing global genocides. The pain and suffering endured by the Palestinian, Congolese, Sudanese, Tigrayan (Ethiopian), Armenian (Nagorno-Karabakh), West Papuan (New Guinean), Uyghur (Chinese), and Rohingya (Burma/Myanmar) populations demand our collective attention and action. As a global community, we must stand united against the atrocities unfolding in these regions, advocating for justice, human rights, and an end to the violence that plagues the lives of countless people.

As individuals within the 2SLGBTQIA+ community, it is crucial for us to stand united against violence and genocide. Through solidarity, understanding, dialogue, advocacy, and activism, we can build a future where every individual can live free from violence. Our communities and our struggles are interconnected. Thus, by uplifting and fighting for those currently facing genocide, we uplift and fight for our 2SLGBTQIA+ communities at home and globally.

Fighting against genocide and violence are 2SLGBTQIA+ issues. Condemning transphobia, homophobia, Islamophobia, anti-Semitism, racism, and other social injustices are 2SLGBTQIA+ issues. We stand in solidarity with those fighting locally and globally against hatred, violence, and genocide. We must speak out and take action while we still can. Further information on these issues can also be found in the resources listed below.
