San Antonio Math Include

Provide Greater Access to STEM Education to All Students

Aakriti K.

**Director of Novi
Michigan Chapter**

**Tutor
San Antonio Math Include**

Aakriti is part of the Class of 2026 at Novi High School. Her favorite subjects include art, computer science, and mathematics. Ever since she's started helping her little sister and her fellow peers in academics she had developed a sense of passion for assisting others in the same way. In her free time, she enjoys drawing (specifically character design) and she enjoys reading specifically fictional mystery novels. She likes learning about aerospace and astronomy as she would like to be an aerospace engineer. She is also really looking forward to being a part of tutoring others here in this SaMi organization.
