

Online-Search Identity Chart

On-Line Search Identity Chart

- There are many types of things that help determine a person's identity. Examples might include:
 1. Religious/spiritual affiliation
 2. Culture, race, or ethnicity
 3. Appearance/style
 4. Language or nationality
 5. Hobbies/interests
 6. Gender
 7. Sexual orientation

Using this document, I would like for you to create a mock online-search results page for yourself. This document will show what you would like to see in the results if you did an online search for yourself. The “results” could include websites, images, videos, shopping profiles or reviews, and other types of pages or links. Answer the questions below to brainstorm ideas for your mock online search results page. In order to edit the boxes you will need to make a copy and paste them into Google Drawing. Then insert the edited drawing back onto this document.

What are two websites that might say something about who you are or connect to your identity? List and describe them below.
