

Privacy policy

We respect the privacy of every user of the site and mobile application. Please read our Privacy Policy carefully and learn how we collect and use the personal information you provide.

What is regulated by this privacy policy?

This privacy policy describes how we use your personal information, as well as some other data collected through or in connection with this application. This privacy policy applies only to the website and applications hosted on Google Play and AppStore.

Form of giving consent

By downloading this application or opening the website, you consent to the use of the information specified in this policy.

Information gathering

The following information may be collected through this application or website:

- any information you have sent or provided while using this application;
- any personal information you provided;
- the frequency and nature of your use of the application;
- the type of device you are using, the device and user ID;
- location data, if you have allowed the use of localization (geolocation) services when downloading the application and specified the location data when using the application;
- your feedback on working with the application.

Use of information

The information collected or provided through this application or website is used for the following purposes:

- providing services offered to you through this application;
- providing answers to your questions or inquiries;
- forecasting and solving problems with the services provided to you;
- creating products and services that best meet your needs.

The information you provide through the website or application will not be used for any purpose other than as set out in this privacy policy. Except as provided in this privacy policy, we will not disclose personally identifiable information without your consent unless the law permits or requires us to do so (for example, if necessary in a lawsuit or to prevent fraud or other crime).

Purpose of personal data processing: Personalization of a person as a User of a mobile application or site, including participation in all promotions and events of advertising nature. Actions on the processing of personal data that the owner of personal data has the right to do: Collection, registration, accumulation, storage, adaptation, change, renewal, use, dissemination, depersonalization, destruction, etc. Including the transfer (dissemination) of personal data to Partners, personal data controllers, third parties, foreign entities related to personal data, which is determined by the executor himself, for processing, including for personal communication with the user, transmission and receipt of information. The User agrees that the owner of personal data is not obliged to inform the User about the actions taken by him to process the personal data of the User in accordance with the purpose and objectives of their processing. Personal data may be processed in files and/or by means of an information and telecommunication system.

Security of your personal data

We have implemented technologies and policies designed to protect your privacy from unauthorized access and misuse. With the development of new technologies, we will update these activities whenever possible.
