Digital Photo 1- 9 Photo Composition Tips

For this exercise you will watch the video (<https://youtu.be/7ZVyNjKSr0M>) based on the work of Steve McCurry, 9 *Photo Composition Tips*. For each composition rule or tip you will either jot down a note or draw out the composition style. The 10th tip is Light which is not really a composition rule, but necessary. Explain the use of light.

1. Rule of Thirds:
2. Leading Lines:
3. Diagonals:
4. Framing:
5. Contrast:
6. Fill the Frame:
7. Center Dominant Eye (in Portraits):
8. Patterns and Repetition:
9. Symmetry:
10. Light: (think of where it is or is not hitting the subject)
