

Fishing In The Dark

A Silverstream & Graystripe Map

Fishing In The Dark is a MAP centered around the two romantic cats Graystripe & Silverstream (created by Erin Hunter, author of Warrior Cats). This MAP is based on the bluegrass and around southern landscapes of The United States (take Kentucky for example). This MAP is open to all levels of art and all formats of art. Please make sure to read the rules below before applying. Thank you so much!

Rules

1. This is a safe space for women, people of color, indigenous people, queer people, disabled people, plus sized, neurodivergent, people in recovery and of course, beginner

artists. I as a host will not tolerate bullying, harassment, racism, or nit-picking. You will respect your fellow participants, spectators and backups. Those that refuse to do so, will promptly be banned and blacklisted from my maps and from other hosts that I am close to.

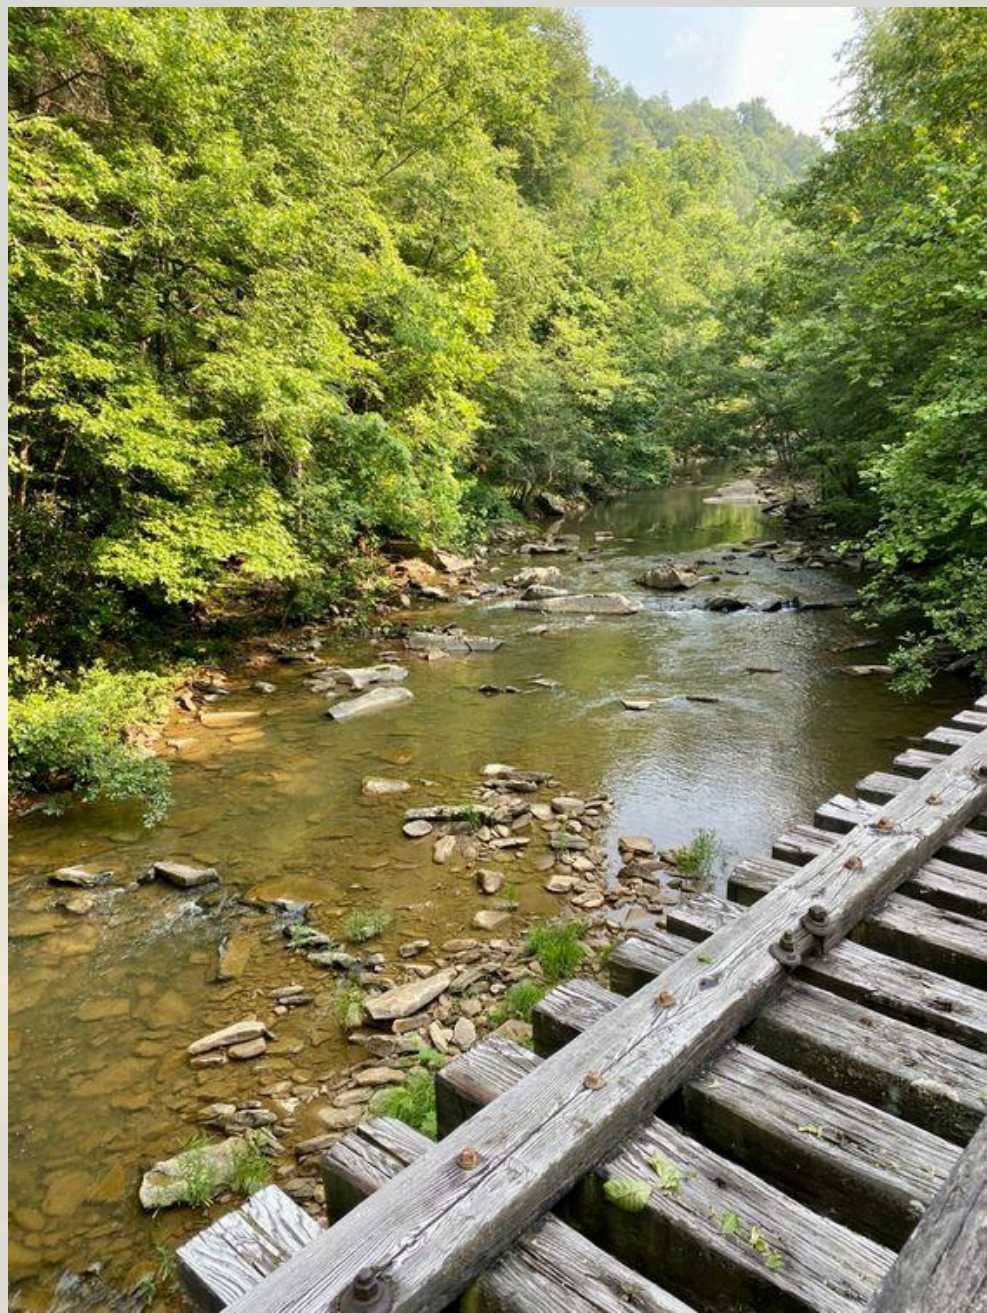

2. Wip spam is highly encouraged! Spam as much as needed.
3. Please let me know if you are to drop from the map. Do not leave me hanging! Either tell me privately or let me know in the server.
4. Discord is needed. Why? So I'm able to keep track of people and keep things organized. You must be 13+ for Discord! Make sure you are not breaking the TOS, or you will be banned from the server.
5. Make sure to follow the ratios provided. 1920 x 1080 AND 699 x 952.
6. You as a participant are allowed two parts! Make sure when applying, you specify that you want two or just one. Thanks!
7. This map is open to all skill levels. Beginner friendly included! That way you can get your foot into the door as an artist. Codeword: We're goin' fishing.
8. Please follow the two designs provided of Graystripe & Silverstream. If you want to add more cats into your part, feel free to use the designs provided and created by Ursiday or use your own designs.
9. If you are going to collab with a friend, please make sure to let me know OR add that to the application! If you want to collab after parts are chosen, please send me a dm with a link to their channel. Thank you!
10. WIP checks are going to be every Sunday. First wip check will be a **VERBAL** wip check. Second will be a **FORMAL** wip check. Which means, I'll need to see your progress.
11. Make sure to provide a good amount of examples of your work! I don't want to see a channel with no examples, this makes it harder for me to choose and figure out where to put you as either a participant or backup.
12. Backup is open to **ALL**. Once entering the server, there will be a backup role available. Make sure to tap/click that role in

order to receive backup!

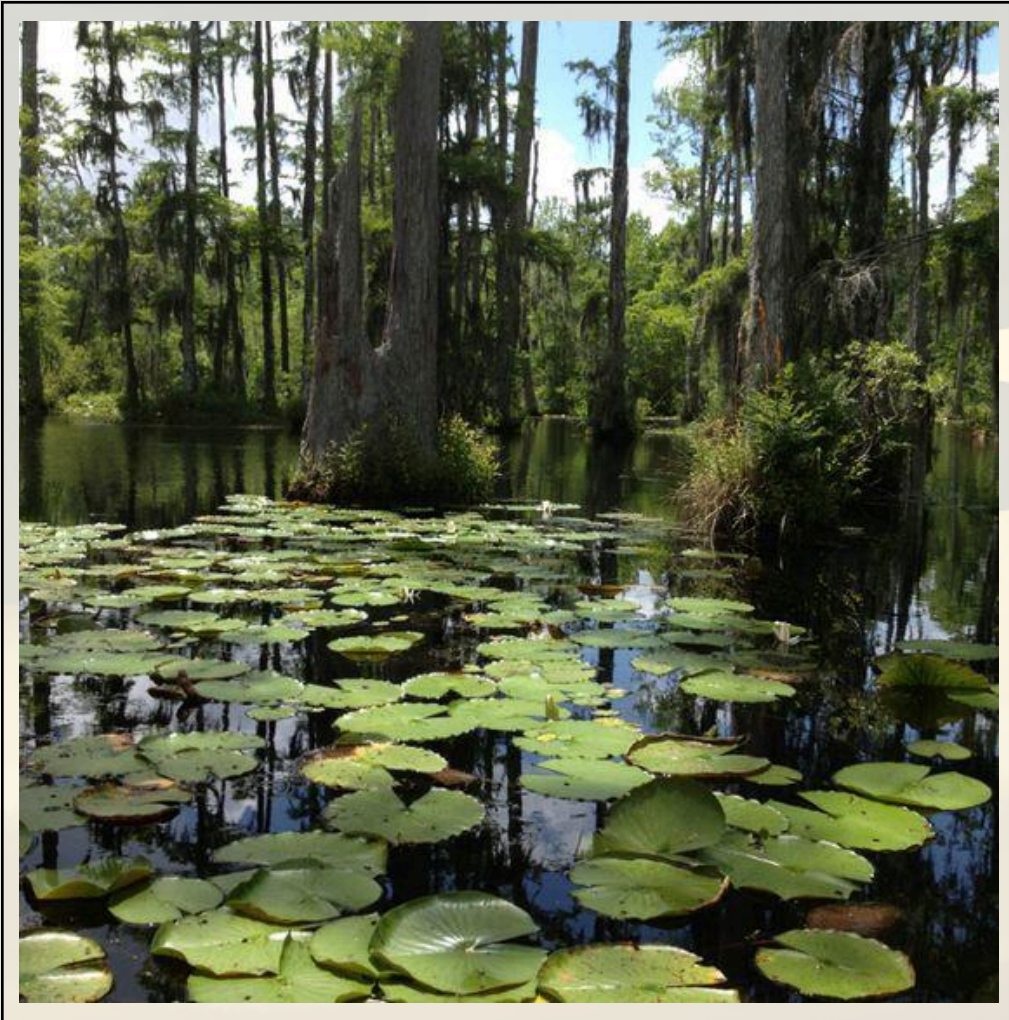

13. The due date is set for the month of July. A specific date will be chosen once the map is closed. I'm hoping to finish the map before then, only if possible!
14. The discord is open to the public! Feel free to join, but remember, you must follow the TOS. Link:
