CFCC Canvas Student Services Resources

We have curated our Canvas Student Resources for CFCC Staff who are supporting students directly with Canvas. This resource will continually evolve through out our Canvas implementation and beyond.

Reminder for you to share with students that you work with them, "That with any new tool, it takes some time and practice to really understand how everything works and to find your own processes when using it."

Welcome to ThinkingStorm Online Tutoring

The Learning Lab is pleased to be partnering with ThinkingStorm to bring CFCC students tutoring help that is available online, 7 day/week, 24 hours/day. Their staff of highly-trained and experienced professional tutors can help in most CFCC subjects. **To get started, please complete the Learning Lab Tutoring Request form located here and then simply click one of the options on the left side of the screen!**

Please Note: Students will automatically be allowed 10 hours of tutoring per semester through ThinkingStorm. If you feel you need more assistance, please consider also working with the on-campus tutors in the Learning Lab at both the Downtown and North Campuses. Otherwise, you will need to speak with the Coordinator of the Learning Lab, Gregory Williams to discuss your tutoring needs. He can be reached at 910-362-7496. Also please note that if you choose to use the "Schedule an Appointment" option and miss two appointments, your access to ThinkingStorm will be suspended until you meet with Mr. Williams to discuss your situation.

If you prefer to work with a tutor face-to-face, please contact the Downtown Learning Lab at 910-362-7496 or the North Campus Learning Lab at 910-362-7554 to find out the availability of tutors for your subject.

Don't forget that the Learning Lab is right next to the CFCC Library on both Campuses. Professional Librarians can help you with research for class assignments. Click the following link to check out what the Library has to offer!
