Additional Notes:

*-denotes this course has a pre-requisite or placement criteria to enroll.

.5- means the course is a semester long

1.0- means the course is a year long

Please list your elective courses and alternates in order of preference. The class that is most important to you should be listed first on your form.

A course that ends in a 1 is a 1st semester only course. A course that ends in a 2 is a 2nd semester only course. A course that ends in a 1/2 means it is offered both semesters. A course that ends in a 0 is a year long class.

DeKalb High School conducts a 7 class period day. Students will be assigned to a class or study hall during all of these periods. Every effort will be made to see that a student is scheduled into the courses the student has requested. **Available courses to be offered are set up on the basis of a student's selections. Consequently, after the initial selections have taken place it is very difficult to add courses to a student's schedule. Any changes made will be made ONLY under special circumstances.**
