EXPERIENCE

Your most recent job Company Name
Nurse Practitioner
July 2020 - Present
Describe the work you do in one to two sentences. Perform history and physicals on patients with complex health conditions requiring acute management.

Second most recent job Company Name
Registered Nurse
January 2019 – July 2020
Provide outpatient infusion treatments to patients, primarily chemotherapy and monoclonal antibodies.

Third most recent job Company Name
Resisted Nurse
October 2015 – January 2019
Acute care RN experience in inpatient med-surg, telemetry, stepdown, intermediate care, and trauma.

Clinical rotation Company Name
Nurse Practitioner Clinical Rotation
September 2019 - December 2019

Completed a clinical rotation as an NP student, assessing, diagnosing, and treating adult patients, mostly over the age of 65, in the primary care setting with a large volume of diabetes and COPD management. (Good if you don't have a lot of working experience, if you are a new grad for example)

(Copy and paste above blocks as needed to fill out all pertinent work experience)
