

DAY 9 - Become Unstoppable

REMINDER: You have today to complete the action step you committed to the other day. You must complete the step to mark this challenge as complete.

What makes winning hard:

- The people around you. When you start to affect meaningful change in your life it makes people around you uncomfortable.
- Staying focused. It's easy to get distracted from where we want to go. Find a way to remind yourself daily.
- Inevitable obstacles. There will always be obstacles to success. When they come up, you must face them head-on instead of ignoring them.

You've gotten clear. You know why. So, don't be afraid to rise above all the mediocracy around you.

You can spot the pioneers because they're the ones with the arrows in their back.

Here are 3 core principles to ensure that you win:

1. Surround yourself with people that are also winning.
2. Get good mentors. Ask someone who is where you want to be how they got there.
3. Keep learning how to run a real business and not just a passion project. There is ongoing training in every profession. You get training all the time. However, in a horse business there isn't much because we think we know everything.

When you add these three things into your life, it'll make winning easier and help you break through the things that are hard.

To Do:

- Complete the ONE BIG STEP before tomorrow, if you haven't yet.
- Fill out the form below to mark today's lesson complete.

We'll reveal what I've put together to help you make winning easier, something I wish I had 30 years ago.
