Survey for Engagement Assessment #2

Perhaps the percentage of eligible voters who *did not vote* in 2024 concerns you. This follows from that. We appreciate your time in answering two more questions!

What do you think causes the limited participation in voting and civic engagement? Circle **any** that apply or the last option which references them all:

1. Current levels of government corruption and election interference.
 2. Hopelessness due to money in politics and basic income inequality.
 3. Disinformation or misinformation.
 4. Anger or disappointment at government policies that do not meet real people's needs.
 5. Distractions such as device scrolling, video watching, social media.
 6. Loss of person to person connection fostered by technology dependence.
 7. Lack of understanding about how our government actually works.
 8. All of the above.
2. What might motivate **you** to take steps to help increase voter engagement? What might you do to make a difference in the face of national apathy and disengagement? Check **any** that apply:
- ☐ Knowing what I can do working from home. We have options.
 - ☐ Working on an engaged team with support.
 - ☐ Connecting with a nonprofit dedicated to improving our voting and electoral systems. We have a list of groups.
 - ☐ Being trained as a local election observer, even traveling where it counts.
 - ☐ Being trained to "table" in my community to Get Out the Vote
- Knowing what I can do that will make a difference; where my skills and talents are needed. My skills include:
