The scrapbook should have 5 pages, with "mementos" from his journey (snapshots, pieces of fabric, newspaper clippings, etc.) and a neatly written paragraph (from Huck's perspective) for each artifact explaining its significance to Huck. It should look authentic (old/rugged in appearance)

Must include a $\frac{1}{2}$ page typed explanation of the scene depicted and its significance. Make the raft, ocean, etc. Do not use plastic toys from your little brother's toy box!
- 4) A shoebox diorama/model depicting a scene of your choice from the novel. Include specific

details. Must include a $\frac{1}{2}$ page typed explanation of the scene depicted and its significance.

- 5) A poster collage for a character of your choice from the novel with a one-page typed explanation of the collage's and characters significance. Page must be completely filled with words, images, and/or tactile objects (cloth, straw, etc.).
- 6) A picture book review of the novel, containing 7 pages of pictures and a cover page. Each picture should have a two-sentence caption. The pictures should all have color and be hand-drawn.
