

Dedication for Wishfulfilling Jewel puja

We dedicate this puja to our dearest Spiritual Guide, Venerable Geshe Kelsang Gyatso Rinpoche. Through the great power of this puja, may all those connected with Buddha Land and Burnley Centres always receive inspiration and perfect conditions for their spiritual development.

We make prayers for those who have recently died so that they may attain a fortunate rebirth either in a Buddha's Pure Land or by attaining another precious human rebirth

May all spiritual communities swiftly flourish throughout the world to bring peace to all minds. May our centres become a source of peace and inspiration for the people of the surrounding areas. We pray for the success of all our activities and particularly for the flourishing of all our classes, courses, study programmes and world peace cafes so that we may lead all beings to the refuge of supreme inner peace.
