

McKnight Elementary School

Fifth Grade Supply List for 2025/2026 school year

Please bring the following items for the first day of school. If for any reason you cannot get the items in this list, just email your child's homeroom teacher. We will make sure your child has what they need.

- Near the end of summer, your teacher will send you information as to what type of organization system you will be using (expandable binder or a folder system).
- ALL supplies unless otherwise marked should fit in one bag or pouch. We anticipate the students moving classrooms for certain subjects. Having all their supplies in one place that they can grab easily helps immensely. We DO NOT recommend the hard plastic pencil boxes that clip shut. When they drop, they often break open and supplies are lost. Truthfully, a gallon size freezer bag works great!
- 5th grade also has a daily healthy snack break. This will start the first day. They may bring a small healthy snack each day. If a water bottle is brought to school, it will be kept above their locker.

Supplies Your Child Needs to Bring:

- Small personal bottle of hand sanitizer to keep in their desk.
- Stylus for iPad if your child prefers.
- 4 **different** color highlighters
- 5 **pre-sharpened** pencils. Though the kids love the novelty pencils, they are hard to sharpen.
- **Small** box of crayons, colored pencils, or markers – not all, just pick one. Also, not the large 64 count box
- ink pen for checking work
- small eraser or extra erasers for tops of pencils
- 2 fine tip black sharpies
- Student size scissors
- glue stick
- **TI-30X calculator** - These can be found fairly inexpensively. These should be marked with their names. Also, it will be able to be used for both 5th and 6th grade math.

VERY IMPORTANT ABOUT IPADS!

- For 1st and 5th grade next year, the district must switch to the iPad 10. The iPad 10 **DOES NOT** have headphone jacks and will be powered by USB-C cords.

What this means:

- Students will need to get **wireless headphones/earbuds** on their own. We will not have ANY to lend. Students must have them.
- **OR** they can also use wired headphones or earbuds as long as they have an USB-C connector.

Supplies appreciated for classroom:

- 2 boxes of tissues
- 2 rolls of paper towel
- 1 container clorox wipes
