

Gerald

Directions: While (or after) watching the two videos about Gerald, answer the following questions regarding his symptoms of schizophrenia:

1. How does Gerald demonstrate that he is "**inflexible**" (or that he will not negotiate with other people)?
2. What behaviors do you see Gerald exhibit that represent "**bizarre**" behaviors?
3. What conversations does Gerald have with people that demonstrates that he perceives his environment as "**threatening**"?
4. What behaviors does Gerald show, and what comments does Gerald share, that indicate that he feels a lot of "**discomfort**"?
5. What behaviors does Gerald show, and what comments does Gerald share, that indicate that he is "**inefficient**" (that he has difficulty achieving goals)?
