Hello! My name is Miss Rindahl, and this is my fifth year teaching Third Grade here at Stargate. I was born and raised in Highlands Ranch then attended the University of Northern Colorado, where I received my B.A. in Elementary Education with a concentration in teaching through multimodal instruction.

In my free time, I love to read, play pickleball, and see Broadway musicals. When I was a third grader I couldn't stand math but it's now my favorite subject to teach!

I believe in holding students to high expectations both socially and academically to help them reach their full potential. Third grade is such a fun year at Stargate and I'm lucky enough to be a part of it!

The best way to reach me is via email-
