

Assistant Superintendent Board Report

October 16, 2023

I. District Office Inservice Friday, October 13

District office staff will have an inservice day on Friday, October 13th. The inservice will be held at the Socorro Convention Center. The purpose of the inservice day is to bring everyone together to focus on district goals, mission/vision, and cultural behavioral expectations. We will review our 5-year strategic plan and discuss how each staff member's work contributes to our plan.

II. CPR/AED/First Aide Second Round of Training

Poms and Associates came to Socorro Friday, October 6th for another round of training in CPR/AED/FIRST Aid. The training was for coaches who have not yet been certified and for interested staff. We had 7 coaches confirm they would be there, but only 2 showed up. Because there was not a minimum of 5 people, Poms and Associates had to cancel. Coaches who are not yet certified will need to do so independently prior to their season starting.

III. Year of Service Pins

Years of Service pins have been given to all SCSD employees who have worked for the district at least 5 years. Every 5 years, they will receive a new pin that shows how many years they have worked for the district.
