

1World Sports Management & Academy Mission Statement

'We are not affiliated - connected and/or in partnership with the NBA in anyway!'

"1World Sports International Management/Recruitment & Academy" (owned by Coach Abdul Malik Muhammad), is an American company based out of New York/San Diego Ca, with partner academies in Latin America, Europe, Africa, Asia and many countries that use to be a part of the old Russian Federation, (Serbia, Croatia, Bosnia, and Romania). Our Academies primary goals is to recruit young basketball players (world wide), for the U.S/Canada and provide former/current N.B.A/NCAA basketball players/coaches and/or people that were drafted by professional basketball teams the opportunity to train, promote basketball and the benefit associated with the sport to young basketball players globally.

Our staff is all made up of all current/former professional NBA/NCAA basketball players/coaches and as ambassadors of the sport of basketball these players/coaches teach young athletes the game of basketball and also promote using that skill to acquiring collegiate education/scholarships. We are not connected to the NBA in anyway, other than to hire former or current NBA players/coaches to do our 1World Basketball clinics & camps. We recruit for 40 of the top schools in the U.S and a number of them in Europe and Canada. Once we train an athlete 1World Sports then will contact colleges and universities in the player's behalf to help obtain a scholarships for the young aspiring individuals to further his/her interest in pursuing sports and educational placement in the United States, and Canada. 1World Sports alone currently work with over 40 top schools which are D1 - NCAA Colleges and Universities in the U.S.A that will accept athletes on a full scholarship basis.

We believe education dramatically change a person's life, as well as their families lives and the community/country as a whole. We feel basketball and sports can be the nucleus to achieving a higher education for many young adults that could never afford school. As well as sports teaches some of life's best lessons to succeed. It teaches one how to cope with life's wins and losses; creates determination, teamwork, and drive. 1World Sports Recruitment Service has obtained 62 kids full scholarship opportunities in the last 12 years for young players. All our coaches/players are former N.B.A, LIGA, NCAA, or European Basketball League coaches/draftees and/or players.

Our Profound Desire/Goal Is To Make The World A Better Place For All Through Basketball and Education!!!

One Child Lost - Is One Too Many!!!
