General Guidelines

All applicants are required to be age 18 or above by May 20 2026.

You will be required to provide three samples in a similar quality and style that you would produce for the fanzine. At least one sample must feature Hoyoverse characters. For writers, at least one sample must be a completed piece. All applicants will be required to submit a portfolio of what they consider to be their best works. Please state appropriate content warnings at the beginning of every piece if relevant.

You are required to have a Discord account as it will be our primary medium of communication, or must be willing to create one upon acceptance into this zine.

All links within your application or portfolio must be visible to the mods. Should the mods be unable to access your portfolio, your application will unfortunately be dismissed. We will not be reaching out to applicants with broken links.

Applicants are required to submit at least one (1) pitch. Pitches will not affect your position in this zine, but will allow us to gauge the content we can expect from contributors. They are not final and you will be given an opportunity to change them, if you are accepted.

Anyone who meets the age requirement may apply to this fanzine regardless of their experience. However, should it come to our attention that a contributor produces and publicizes hateful, harmful or otherwise questionable material, we will not hesitate to drop them from this project. Such material may include but is not limited to: hateful/discriminatory material, underaged sexual content, incestuous content and plagiarised or stolen works.

Works that have been generated by AI or have elements generated by AI are not allowed.

♡ FAQ ♡

Q: What is a zine?

A: Zines are similar to shortened magazines including art and writing. This zine will feature Elysia.

Q: Will ships be featured in the zine?

A: No. Ships will not be featured in this zine to avoid ship discourse, and to ensure sufficient focus on Elysia as an individual.

Q: Do I need zine experience to apply?

A: Not at all! If you would like more guidance regarding the application process, you are free to contact us through our [Google Forms Q&A](#) so that we can do our best to guide you!

Q: Will you be looking for more moderators?

A: Yes, we don't have a complete team at this point of time. We will be looking for more moderators to join us after our Interest Check.

Q: Am I allowed to include characters outside of Elysia in my content?

A: Yes, however, we would still encourage contributors to keep Elysia as the focal point of their works. We would love to explore interactions between Elysia and other characters as long as she remains the central focus of any works created for this project.
