MY NEIGHBOUR

Read the text, translate it and do some tasks below

I'd like to tell you about my new neighbour, Mr. Henderson. He is a **middle-aged** man, probably in his **late forties**. **To be honest**, he isn't very **good-looking**; some people might even say he is **rather ugly**, **but** he has a **kind face**. He is **of average height** and **medium build**, perhaps a bit **plump** — not slim at all.

Interestingly, his hair is the most noticeable feature – it is **ginger**, **curly**, and **shoulder-length**, which is unusual for a man of his age! **Also**, he has **small**, **almond-shaped** eyes that are **bright green**. He usually wears **casual clothes**, such as jeans and old sweaters.

Personality-wise (что касается характера), he is incredibly **friendly** and **humorous**. He is never **bossy** or **impatient**, and he is very **generous** with his time. **However**, he can be a bit **stubborn** sometimes.

As for his interests, his main ones are **photography** and **making model cars**. **For example**, yesterday, he showed me his collection – it was amazing!

In short, Mr. Henderson is a very interesting person. **I'm really glad** he is my neighbour.
