

Summer 2026 Auditions for “Star Power”

For actors finishing 1st grade through actors finishing 5th grade

Welcome to our 26th Season!

- Rehearsals will be Monday, Tuesday, and Wednesday mornings (9-10:30 am) starting on or around June 8.
- July 6-16 rehearsals will be in the evening (5:30-7:30) and will extend to Thursdays.
- Rehearsals and performances during Tech Week, **July 20-23 are mandatory.**
- A final schedule will be distributed after auditions.
- Show dates are July 24 & 25.
- Fee: \$50 per actor

Audition checklist:

- ☐ Fill out the Actor’s Information Sheet.
- ☐ Sign up for a time slot on Sign Up Genius.
- ☐ Learn and memorize **two** of the jokes listed below.
- ☐ Practice singing “Happy Birthday” or your favorite Christmas carol.

Welcome to ACT Auditions!

Monday, May 11 or Tuesday, May 12

On your audition day, you will come to the Gibson City United Methodist Church a few minutes before your audition time.

Go downstairs to Fellowship Hall. Members of our team will greet you there, and get you to your audition.

You will be taken to the choir room to meet the audition committee. Then you will sing “Happy Birthday” or a Christmas carol, and tell your jokes. We like getting to meet you and talk to you a bit, so we’ll probably ask you about school, and your summer plans. It’s not scary! We’ll help you every step of the way.

Auditions take just a few minutes. We do sometimes run behind, so please be patient as we work with other actors.

If you have questions, please email us at acttheatreco.gc@gmail.com

JOKES

How does the moon cut his hair?

Eclipse it!

How do you throw a party in outer space?

You *planet*!

What is an astronaut's favorite candy?

A Mars Bar!

How do you know if the moon has had enough to eat?

It will be full.

What is a light-year?

The same as a regular year, but less filling.

Did you hear they built a restaurant on the moon? The problem is nobody likes it because it doesn't have any atmosphere.

There's been talk recently that aliens have visited our planet. None of them stay though. It's because all of our reviews say: One star.

Why did the space shuttle break up with the lunar lander?

He missed their launch date!
