✨This is home- Ivypool M.A.P✨
Rules

• Before submitting your application please make sure you have read and understood the rules

•Thumbnail contest on the discord server!

• Please check the parts list carefully before submitting your request! Several parts are already taken by the host and co-host

• M.A.P is hosted on a discord server so you must have a discord account to apply!

• If you don't know what M.A.Ps are, watch this video: The video

• This M.A.P is for more experienced animators but don't be afraid to apply!

• Remember to animate on a 1920 x 1080 pixel canvas

• Don't add subtitles! In the part where they are needed I will add them! Also don't cut the parts yourself. All cuts are waiting for participants on the server

• If you want you can do a collaboration with someone

• When submitting applications try to choose as many parts as possible. This will make your chances of getting into the project bigger

• No fake parts

• Don't overwork yourself! First of all, your condition and health are important, so don't be afraid to ask for time.I completely understand school, technical difficulties, or whatever. Just let me know you won't be able to work on a part for a while and how long that might be and I won't have any problem with it.

• No watermarks

• I don't bite! So if you want to drop a part or need help, tell me about it. Nobody will hold you here by force and no one will be angry with you! If you need help, I will announce it in the appropriate chat and I am sure that there will be people willing to help you

• To make sure the project doesn't die, I set a deadline on March 13, 2026. There will be WIP checks throughout the project. There will be two checks per month, one of which may be verbal.

• If the participants don’t respond to me for a long time and don’t send wips, I will have to give the role of an inactive participant to another person

• Please do not write to me in the dm or comments if I can give a part. C0dE w0rd!: Your favorite book. There is a Google form where everyone can apply, and I will definitely consider each of your applications!

• Discord server is open but only project members and backups will have access to project related channels.

• The date of showing the results depends on the number of applicants, but I will try to inform about it in the pinned comment under the video

• If you break the rules for the discord server or for specific channels I can kick you from the project!

• As in storyboard the final map will have bars added to the top and bottom of the screen. Don't add them yourself, but keep in mind that they will appear there.

•The thumbnail contest is open on the Discord server

• Have fun and good luck!

How to submit a collaboration?

To properly submit a collaboration, please include the following information about your partner in the appropriate place in the application form: Discord username, YT username/channel, portfolio link.
