

### East Bank Parking Instructions:

You can sign up for parking using your x.500 and password. [Click here to learn more about parking contracts and to sign up for the contract parking wait list.](#)

In the event that there is a wait list in your desired parking ramp/lot, it is recommended that you add your name to the wait list and choose an alternative parking spot in the interim. You are allowed to be on one (1) wait list and have a parking contract elsewhere at a time. Select "Faculty/Staff Waiting List" located on the left sidebar of this webpage. If there is no wait list ("buy now") for the parking facility you have selected, sign up for parking as you get closer to your start date otherwise you will be charged for your parking from date of purchase.

You can contact the parking office directly at 612.626.7275 or [pts@umn.edu](mailto:pts@umn.edu) or stop by their office at the Transportation and Safety Building, Suite 300 which is located on campus at 511 Washington Avenue Southeast. Call them if you have questions about the best lot available for you and light-rail/bus options from a lot.

Parking rates are charged to employees as a pre-tax deduction from your University of Minnesota paycheck.
