### Playoffs

Any playoffs (for first place only) will be sudden death format, beginning on hole 8 and continuing through the course until a winner is decided.

### OBs

All paved parking lots, sidewalks and connected surfaces are OB, unless otherwise noted. The edge of the surface is determined by the solid, connected underlying surface - blades of grass growing in/on a paved surface DO NOT make that surface in bounds. Gravel trials are NOT considered paved surfaces or part of any OB on this course.

All fences and fenced areas are out of bounds, unless otherwise noted.

Any fence topped with barbed wire allows you to take up to 2M of relief (instead of the typical 1M)

### Mandos

There are 2 mandos used on the course. The mandatory route for both holes is to travel LEFT of the marked space. The boundaries of these restricted flight areas are marked with flags/paint

where you CANNOT throw through.. (*Keep in mind, the trees just help as a visual reference: The restricted flight area is a perfect rectangle as marked on the course*) - If you fly through that restricted area, proceed to the drop zone

### **Causal Relief**

Due to rain, players can take casual relief out of muddy or wet areas with no penalty. You can move directly away from the basket to the first area that has better footing (this is a group decision)
