MISD Back to School Forms 2026 | in Skyward

Updated 7/21/26

(1) Welcome

Welcome to the 2026–2027 School Year!

Welcome to Your Skyward Family Access Dashboard!

We are excited to introduce our student information portal, **Skyward Family Access**. Since you are already logged in to complete your back-to-school forms, you have immediate access to this all-in-one platform designed to keep you connected to your student's educational journey.

The back-to-school forms you are completing are a combination of **state-mandated notifications** and **school district policies** that must be reviewed and updated each year. Your participation helps ensure we have accurate information to support your child's safety and success.

Thank you for taking the time to carefully review and submit this information. We appreciate your partnership.

With your Family Access dashboard, you can:

- **Track Real-Time Progress:** View grades, assignments, and report cards
- **Stay on Top of Attendance:** Monitor attendance and submit notifications
- **Manage Schedules & Forms:** Access schedules and complete forms in one place

We are proud to serve your family and look forward to a successful school year together.

Need help? Submit a technology support request:

[McKinney ISD Technology Help](#)

(2) Student Family Information

Please review the family address listed below to ensure it is accurate and up to date.

Student Address

Is the address below correct

(address on file is listed)

Please upload a current Proof of Residency with your new address:

Acceptable Proof of Residency

A current or previous month utility bill (electric, gas, or water) showing usage

A current lease (valid for 30 days until a utility bill is available) with the move-in date clearly stated

A signed home purchase contract with the closing date clearly stated.

Closing papers for a recently purchased home (valid up to 30 days until a utility bill is available)

A notarized affidavit if residing with a relative or friend within MISD boundaries

Presenting a false record or falsifying records is an offense under Section 37.10 of the Texas Penal Code. Enrollment of a student under false documents subjects the individual to liability for tuition or other costs under TEC Sec. 25.002(3)(d).

Upload Document

Yearly Proof of Residency Statement Affidavit

This form is for parents/guardians living within McKinney ISD boundaries who lack a standard utility bill (electric, gas, or water) in their name for Proof of Residency. A new form must be submitted every school year.

Please include a copy of the homeowner's utility bill and photo ID with this upload.

Upload these documents above.

(3) Parent Guardian Information

Please read over your child's parent/guardian information and check for accuracy.

Changes to parent or guardian contact information from what is currently in your child's file cannot be completed directly on this form. Updates require that your student's campus registrar be notified to confirm the changes and collect any required documentation (please note that registrars do not return until July 21).

To add a step-parent to your child's profile, a Step-Parent Authorization Form must be completed and submitted to the campus.

Description

(4) Emergency Contact Information

Please provide at least three emergency contacts.

Emergency Contacts are adults who would be able to assume temporary care of your child within 30 minutes if you cannot be contacted.

DO NOT add persons who are already listed in the Parent/Guardian Information tab or MISD students.

Please list DAYTIME phone numbers only.

Click Add Emergency Contact at the bottom of the screen to add additional emergency contacts for this student.

In the event of a medical emergency, employees of McKinney Independent School District are authorized to contact the parents, guardians, and/or other contacts named below as may be deemed necessary for the transportation and health care of your student. In the event parents, guardians, or emergency contacts cannot be contacted, the school employees are authorized to take whatever action is deemed necessary in their judgment, for the health of your student (Section 35.01, Texas Family Code).

(5) Compulsory Attendance - Every Day Counts

The Importance of School Attendance

Regular school attendance is one of the most powerful predictors of a student's academic success and personal growth. When students are in class daily, they don't just keep up with lessons and grades—they build essential life skills, participate in hands-on activities, and foster meaningful connections with peers and teachers. Every day a student misses is a missed opportunity to learn. Absences quickly add up, creating gaps in understanding that can make it difficult to catch up. By prioritizing attendance, you are helping your child build a strong foundation for their future and setting them up for long-term success.

Thank you for partnering with us to ensure your student is here, ready to learn, every single day!

Attendance Risk Levels

Success Zone (1–3 Days Missed)

- On Track to Succeed
- Reaching Full Potential

Warning Zone (4–7 Days Missed)

- Grades Could Be Affected

- Warning Letter Sent
- Truancy Prevention Plan Developed

Danger Zone (8+ Days Missed)

- Truancy Prevention Plan Implemented
- Possible Truancy Court
- Risk of Losing Credit

[View Attendance Information](#)

Tools for Success

- Set a consistent bedtime and morning routine
- Prepare backpacks and clothes the night before
- Schedule appointments outside of school hours when possible
- Communicate with your child's school if challenges arise

☐ I agree

Date:

NOTICE: LAWS GOVERNING COMPULSORY ATTENDANCE IN TEXAS SCHOOLS

Failure to comply with the laws governing compulsory attendance may result in legal action.

OFFICIAL NOTICE TO THE CHILD AND PERSON(S) STANDING IN PARENTAL RELATION TO THE CHILD

Texas requires a child who is at least 6 years of age, or who is younger than 6 years of age and has previously been enrolled in first grade, and who has not yet reached his/her 19th birthday to attend school unless exempt by Sec. 25.086. Upon enrollment in pre-kindergarten or kindergarten, a child shall attend school. A person who voluntarily enrolls in school or voluntarily attends school after the person's 19th birthday shall attend school each school day for the entire period the program of instruction is offered and is subject to the same requirements for compulsory attendance for students under 19 years of age.

TEC Sections 25.085, 25.086

A parent/guardian commits an offense of Parent Contributing to Non –Attendance under TEC Sec. 25.093, if, after having been warned in writing, a child has unexcused voluntary absences from school on 10 or more days or parts of days within a 6-month period. An offense under the Subsection (a) is a misdemeanor, punishable by fine only, in an amount not to exceed:

- (1) \$100.00 for a first offense
- (2) \$200.00 for a second offense
- (3) \$300.00 for a third offense
- (4) \$400.00 for a fourth offense
- (5) \$500.00 for a fifth or subsequent offense.

TEC 25.093/Family Code 65.003(a)

A "failure to attend school" violation by a student may be referred to truancy court. On a finding that the child has engaged in truant conduct, a justice or municipal court may order: 1) The child to attend GED preparatory classes; 2) the child to attend a special program that the court determines to be in the best interest of the child, including an alcohol/drug abuse program; 3) rehabilitation; 4) counseling, including self-improvement counseling; 5) training in self-esteem and leadership; 6) work and job skills training; 7) training in parenting. Including parental responsibility; 8) training in manners; 9) training in violence avoidance; 10) sensitivity training; 11) the child and the child's parent/guardian attend a class for student at risk of dropping out of school; 12) a program that provides training in advocacy and mentoring; 13) complete not more than 50 hours of community service on a project acceptable to the court, and 14) participate for a specified number of hours in a tutorial program covering the academic subjects in which the child is enrolled that are provided by the school the child attends.

Family Code 65.003(a)/Education Code 25.085

A student who has not been in attendance for ninety (90) percent of the days the class is offered shall not be awarded credit or a final grade except in a course designated by the superintendent as having innovative instructional arrangements. When a student's attendance drops below 90 percent but remains at least at 75 percent of the days the class is offered, the student may earn credit for the class or a final grade by completing a plan approved by the principal. If the student fails to successfully complete the plan, or when a student's attendance drops below 75 percent of the days the class is offered, the student or parent may request award of credit or a final grade by submitting a written petition to the campus attendance committee. This restriction does not affect a student's right to excused absences to observe religious holy days [see FEA] and does not apply to a student who receives credit by examination for a class as provided by Education Code 28.023.

[See EHDC]

A parent/guardian of a school age child has the responsibility to require their child attend school regularly. When sickness or higher obligation necessitate an absence, a note signed by a parent/guardian explaining the reason for the absence is required within 3 school days of when the student returns to school. If the student fails to submit a note, the absence will be considered unexcused.

EC.25.093 FEB (Regulation)

A child not exempt from compulsory attendance laws may be excused for temporary absence resulting from any usual cause acceptable to the campus administrator of the school in which the student is enrolled. A temporary absence may be the result of , but not limited to: 1) personal illness, 2) family emergency, 3) religious holy day, 4) documented juvenile court proceeding, 5) board-approved extracurricular activity or 6) approved college visitation.

MISD Policy FEA (Legal)

When a student's absence for personal illness exceeds five (5) consecutive days, the principal may require a statement from a physician or health clinic verifying the illness or other condition requiring the student's extended absence from school. (The school nurse is available to verify an illness the day of the absence). The attendance committee may, if the student has established a questionable pattern of absences, also require a physician's or clinic's statement of illness after a single day's absence as a condition of classifying the absence as one for which there are extenuating circumstances.

McKinney ISD Policy FEC (Local) Personal Illness

Absences such as vacations and trips (except those excused by the principal for unusual

circumstances), babysitting, working (including modeling), and non-school-sponsored athletic events and programs shall be considered unexcused.
MISD Policy FED (Legal) / Education Code 25.087

A student is considered chronically absent if they are absent for any reason (either excused or unexcused) for more than 10% of the school's required instructional time after the first 30 days of enrollment or at any time within the year. Chronically absent students will be coded as at-risk and reported to the state, per the state of Texas Student Attendance Accountability Handbook.

(6) Student Residency Questionnaire

Schools are required by federal law (the McKinney-Vento Act) to identify and support students who may be experiencing housing instability or homelessness.

The Student Residency Questionnaire helps us understand your child's current living situation so we can determine whether they qualify for additional support and services.

Does the student reside in a home or apartment that the parent or legal guardian currently owns, rents, or is listed on the lease? y/n

Is the student living on their own or with someone who is not their parent or legal guardian? y/n

Check ALL the boxes that show where the student sleeps at night:

- Living with friends or relatives temporarily – The student is staying with another family or friend because they do not have their own home or due to economic hardship. (doubled up)
- Living in a shelter – The student stays in a shelter for families or youth because they have no other housing.
- Living in a motel or hotel – The student stays in a motel or hotel because the family is experiencing economic hardship.
- Unsheltered/Living in a place not meant for regular housing – The student sleeps in a car, park, campground, or similar place because they do not have another home. Or the home does not have essentials such as windows, doors, running water, etc.
- Overcrowded - The student stays in a space that is crowded or shared with many other people.
- Living in foster care or group home – The student stays in a foster home, group home, or residential program.
- Natural Disaster - the student lives here because of a natural disaster.
- None of these Apply

Are any of these reasons part of why the student lives where they do? (Check all that apply)

- Loss of housing – The family lost their home (i.e. eviction or foreclosure)
- Economic hardship – The family cannot afford a home right now.
- Staying with others temporarily – Living with friends or relatives because of housing or family problems.
- Other situation – Any other reason that makes it hard to have a permanent home.
- Fire, flood, or natural disaster (i.e. hurricane, tornado, etc.)

Once we review the information provided, you will be notified if the student qualifies for McKinney-Vento.

The Migrant Education Program is authorized by Title I, Part C of the Elementary and Secondary Education Act (ESEA). Region 10 ESC, together with the school districts, provides a variety of educational services to families who work in agriculture, regardless of their nationality or legal status. This program is free of charge to all eligible families and may include tutoring, school supplies, homework tools, and clothing/school uniforms, free lunch eligibility, summer programs, parent involvement activities, emergency needs and referrals to other services, as needed. A representative from Region 10 may contact you for further information if needed.

In the past three years, has your family traveled within the US to look for agricultural or fishing work? Y/N

(8) Military Connected Student Survey

The Texas Education Code § 25.006 requires school districts to identify students who are dependents of U.S. military service members. This information is used for state reporting to Texas Education Agency (TEA) and to ensure that students receive appropriate support.

Is the student a dependent of a U.S. military service member? Y/N

If YES, please select the one option that best describes the parent/guardian's military affiliation.

1. Active Duty U.S. Military:

An active duty member of the Army, Navy, Air Force, Marine Corps, Space Force or Coast Guard.

2. Texas National Guard:

A member of the Texas National Guard (Army Guard, Air Guard, or State Guard).

3. U.S. Military Reserve:

A member of a reserve component of the U.S. military (Army, Navy, Air Force, Marine Corps, Space Force or Coast Guard).

4. For PK students only (Does not apply to this student).

5. A former member of:

the U.S. Military (Army, Navy, Air Force, Marine Corps, Space Force or Coast Guard), the Texas National Guard (Army, Air Guard, or State Guard), or a U.S. military reserve force.

6. Killed in the line of duty:

A member of the U.S. military (Army, Navy, Air Force, Marine Corps, Space Force or Coast Guard), the Texas National Guard (Army, Air Guard, or State Guard), or a reserve force who was killed in the line of duty.

The student is a dependent of _____ (one of the 6 choices)

Do you need any specific resources to assist your student this school year? y/n

Please see our future military student info: [CCMR Military Connected Students](#)

.

Parent Acknowledgement

Terms of Agreement I understand that presenting a false record or falsifying records is an offense under Section 37.10, Penal code, and enrollment of the child under false documents subjects the person to liability for tuition or other costs. Texas Education Code Sec. 25.002(3)(d).

I agree / Signature

(9) Release of Student Information

Directory Information

Certain information about District students is considered directory information and will be released to anyone who follows the procedures for requesting the information unless the parent or guardian objects to the release of the directory information about the student. If you do not want McKinney ISD to disclose directory information from your child's education records without your prior written consent, you must notify the District in writing within ten school days of your child's first day of instruction for this school year.

This means that the District shall release designated directory information to organizations or individuals who request that information and meet the specific purpose or group definition outlined below.

1. Military recruiters and institutions of higher education, as required by law.
2. For school/District-sponsored purposes.
3. Third-party requestors.

[FL \(LOCAL\)](#)

McKinney ISD has designated the following information as directory information:

- Student name
- Grade Level
- Degrees, honors, and awards received
- Date and place of Birth

- Photograph
- Most recent educational institution attended
- Dates of attendance
- Major field of study
- Participation in officially recognized activities and sports
- Weight and height of members of athletic teams

Military Recruiters and Institutions of Higher Education

Federal law requires that the District release to military recruiters and institutions of higher education, upon request, the name, address, and phone numbers of secondary school students enrolled in the District, unless the parent or the eligible student directs the District not to release information to these types of requesters without prior written consent.

PTA/PTO Student Information

Our PTA/PTO chapters produce a number of publications and projects intended to encourage community spirit and interaction and to recognize students and their achievements. In order for your child's name and/or photograph to be included in these PTA/PTO publications, PTA/PTO must receive your written consent. All students may have the opportunity to be included in these publications. If you do not want your child's name and/or photograph to be included in a PTA/PTO publication and/or project, mark the item "No" and every reasonable effort will be made to omit your child's information and image from those publications/projects. Please direct any questions to your campus.

I give permission for my student's name and/or image to be included in the following PTA/PTO publications:

Note to Parents: McKinney ISD Council of PTAs/PTOs and its associated local groups are associations made up of parents, teachers and community members and are separate legal entities from McKinney ISD. Therefore, the PTAs/PTOs must gain your approval for the use of your child's identifying information for PTA/PTO-produced publications and projects.

(10) Consent for Participation in Clubs & Organizations | Handbooks

In accordance with SB12 from the 2024 legislative session, written parent/guardian consent is now required for students to participate in any student club or

organization, whether curricular (e.g., academic teams) or non-curricular (e.g., interest-based).

I consent for my child to participate in any approved club or organization offered at their campus during the 2026-2027 school year. Y/N

Code of Conduct/ Student Handbook

Student Code of Conduct

[Student Code of Conduct](#)

Student Handbook

[Student Handbook](#)

Terms of Agreement

My student and I agree to access a copy of the Student Handbook and Student Code of Conduct for the year we are registering. The student Handbooks will include: Technology Acceptable Use Policy, the laws regarding student records and information on the compulsory attendance laws. I understand that the handbooks contain information that my child may need during the school year and that all students will be held accountable for their behavior and will be subject to the disciplinary consequences outlined in the code.

(11) Student Nutrition

The McKinney ISD Child Nutrition Department provides healthy meals (breakfast and lunch) each day at a nominal cost. Your children may qualify for free or reduced meals. <https://www.mckinneyisd.net/page/school-nutrition>

Free and reduced meals

Families MUST apply every year!

Please include all students in one single application.

Free and reduced-price meal applications are available to all students throughout the year.

Families can apply at any time using the online application link below starting August 4th, 2026.

<https://www2.myschoolapps.com>

Application available August, 4th 2026

(12) Student Medical & Allergy Information

Important: This information must be updated each year.

Medical conditions may change, and information from the previous year is not saved in the system.

First aid may be provided to students while at school, as needed. A list of medications available in the school clinic can be obtained from the school nurse upon request.

In emergency situations, the following may be used to assist students as appropriate:

- AED (Automated External Defibrillator)
- Unassigned Epi-Pens
- Unassigned Albuterol
- Narcan

Emergency Medical Authorization

The Superintendent of Schools of McKinney ISD or a designee may secure any and all emergency medical care and treatment for your child for an acute illness or injury sustained while at school or participating in school-related activities.

The cost of services provided by an ambulance, private physician, clinic, hospital, or dentist remains the responsibility of the parent or guardian and will not be assumed by the Superintendent, designee, or the Board of Trustees of McKinney ISD.

If EMS (911) is called, a parent/guardian or authorized emergency contact must be physically present to refuse transport to a medical facility. Refusal of EMS transport cannot be provided by phone, email, or other remote communication.

(13) Medications

Medication Administrative Guidelines

McKinney ISD has a no tolerance policy for students in possession of medication of any kind, including herbal supplements, vitamins, and all over the counter medications including cough drops/lozenges. All medication must be delivered and picked up by a parent or legal guardian.

Prescription medication may be given at school only if label is from a medical doctor licensed in the state of Texas with a current prescription. If medication must be given to a student at school, please follow the guidelines listed below:

- **Clinic Storage Requirement:** All medication must be stored in the clinic. Exceptions apply only for documented student circumstances regarding asthma, diabetes, or a life-threatening allergy.
- **Special Education:** Classrooms will work one-on-one with the campus nurse for specific medication procedures.
- **Prescription Containers:** All prescription medication MUST be in the original container with a valid pharmacy prescription label.
- **Supply Limits & Intake:** No more than a one-month supply of prescription medication may be brought to the clinic at one time. ALL prescription medication will be formally counted and documented upon arrival.
- **Over-the-Counter (OTC) Labeling:** OTC medication MUST be in the original container with the individual student's name clearly written on it.
- **OTC Time Constraints:** Tylenol, Ibuprofen, Cough drops, and Benadryl may be administered for up to 10 days. If needed for a longer period, or for more than 5 consecutive school days, a physician's signature is required. All other OTC medications require a physician's signature immediately.
- **Package Size Restrictions:** Due to limited storage space, no more than a 30-count container of OTC medication shall be stored in the clinic. No container may hold more than one type of medication.
- **Administration Timeline & Signatures:** All prescription medication given for over 10 days REQUIRES a physician's signature. The MISD Medication Administration Form must be completed with a parent or legal guardian's signature.
- **Three Times Daily Rules:** Medications prescribed or requested to be given three times per day or less are not to be administered at school unless the nurse determines a special clinical need exists.
- **Sharing Restrictions:** A student MAY NOT share medication with another student.
- **Siblings MAY NOT share medication.**
- **Supplements:** MISD registered nurses do not administer dietary or herbal supplements.
- **Summer Disposal Policy:** We are unable to store any medication at the school during the summer. All medication left in the clinic after the last day of school will be disposed of.
- **Nurse Authority:** In accordance with the Nurse Practice Act (Texas Code, Section 217.11), the school nurse has the responsibility and authority to refuse to administer medications that in their professional judgment are not in the best interest of the student.

Does your student take doctor required medication at home for an ongoing condition diagnosed by a medical doctor? Y/N

Will your student need to take medications at school that are dispensed by a medical doctor licensed in the state of Texas? Y/N

Link to Health Forms [Health Services & Wellness](#)

I acknowledge that I will print and return the Parents Request for Administration of Medication to the campus nurse prior to the first day of school. Choose NO if not applicable.

(14) Required Health Screenings

Texas law requires students to be screened for vision and hearing disorders, screening for abnormal spinal curvature, and Risk Assessment for Type 2 Diabetes. For more information about screening requirements, see policy FFAA(LEGAL), TDSHS Vision, Hearing, Spinal Screening and TRAT2DC websites. Parents may claim an exemption from any or all of these screenings to the school nurse following TDSHS requirements:

- Religious Beliefs: parent/guardian must submit an affidavit stating the objection to screening. Contact the school nurse or Health Services for the form.
- Provisional Admission for Outside Screening: submit an affidavit stating that a person other than district staff shall conduct the screening (or that a licensed professional shall conduct an examination). The district may admit the student on a provisional basis for up to 60 days and the parent should submit outside screening or exam results to the school nurse.
- Your child is actively under medical care for a vision or hearing problem; your child has already been diagnosed with a spine deformity, such as scoliosis; or has been diagnosed with type 2 diabetes or evaluated for acanthosis nigricans. Notify the school nurse before the screening date and provide documentation from your child's healthcare provider. If you wish to file an exemption for any screenings, please contact the school nurse for the form.

Immunization Compliance for Enrollment

Texas law requires students to be fully immunized against certain diseases as required by TDSHS, or present a valid medical exemption or exemption for reasons of conscience. McKinney ISD staff may check the Texas immunization [FFAB\(LEGAL\)](#) registry, ImmTrac2, for student immunization records. McKinney ISD is NOT an immunization provider and DOES NOT administer any vaccines. See policy and TDSHS School Immunization website for additional information. Additional

information relating to student welfare, wellness, and health services can be found in the following board policies and the Student Handbook:

- FFA — Student Welfare: Wellness and Health Services
- FFAA — Wellness and Health Services: Physical Examinations
- FFAB — Wellness and Health Services: Immunizations
- FFAC — Wellness and Health Services: Medical Treatment
- FFAD — Wellness and Health Services: Communicable Diseases
- FFAE — Wellness and Health Services: School-Based Health Centers
- FFAF — Wellness and Health Services: Care Plans

☐ I acknowledge required health screenings and immunization requirements

(15) Notice & Consent for School Health Related Services

Consent given through this form is effective during the current school year unless revoked earlier. In accordance with law, the District must provide parents with written notice of each school-based health-related service offered at the campus their child attends. These routine services promote student safety, wellness, and readiness to learn. The services may be provided by qualified school staff, including nurses. This consent does not take the place of an individualized health plan, 504 plan, or other legally required document. A parent has the right to withhold consent for or decline any health-related service.

More information may be found at [Parental Rights - SB 12](#)

Routine Health-Related Services

First aid and injury evaluation

- Evaluation of illness or physical symptoms at school, including nursing assessment
- Communicable disease or condition symptom evaluation, exclusion and readmission
- Hygiene and health education, including handwashing, illness prevention, general

wellness, providing clean clothing or menstrual supplies

Any additional health-related services that the campus may believe are necessary and appropriate will necessitate separate written consent and parental involvement, unless during an emergency or as allowed by law.

***Selecting Yes means I consent to my child receiving routine school based health related services during the 2026-2027 school year. I understand this consent may be revoked anytime in writing. I understand that I will be contacted in emergencies. Selecting No means I DO NOT consent to my child receiving routine school based health related services during the 2026- 2027 school year. I understand that if I DO NOT consent I will be contacted when a health concern arises with my child. I further understand it is my responsibility to provide care in a timely manner if my child has a non-emergency health need during the school day. I understand that I will be contacted in emergencies.**

☐ I agree

Signed | Date

(16) Behavioral Health Screening & Student Safety

McKinney ISD cares about the overall welfare of our students, including behavioral and social emotional health. As a part of McKinney ISD's multi-tiered system of support for all students, we may periodically conduct screening to help us assess our school climate and any trends in student mental health. In addition, we may screen to identify individual students who may need additional support in school. Regular screening is a school safety practice. In the event that an individual student is identified as potentially needing support, the district will notify the student's parent and discuss available interventions. Please be advised that the routine screening process is brief and not intended to diagnose any specific condition.

If you do not want your child to participate in the routine screening process, please indicate below. Please note that even if you choose to opt-out of routine screening, in the event that we become aware of threats of self-harm or threats of harm to others, we will continue to follow our district's Multi-Hazard Emergency Operation Plan and respond in accordance with board policy FFB (Local).

I want my child to participate in routine behavioral health screening Y/N

Mental Health Resources

McKinney ISD has several structures in place to nurture the development of safe and supportive school climates. For instance, each campus in MISD offers a comprehensive school counseling program that operates in conjunction with the school coordinated health team to support the academic, personal, and social needs of the whole child. Prevention activities include direct instruction, counseling services, awareness campaigns, staff training and parent education. Prevention work focuses on mental health, suicide prevention, substance use prevention, healthy relationships, character education and social and emotional learning (SEL).

Additional information about the programs and policies regarding student mental health are available in the McKinney ISD Student Handbook. For information on mental health and community resources, including a statement from our School Health Advisory Council, parents are encouraged to visit:

<https://www.mckinneyisd.net/guidance-counseling/>

Consent forms for short-term individual or small group school counseling services related to mental or emotional health will only be completed with the permission of a parent or guardian. These consent forms are available from the school counselor and will be provided if those services are needed. Additionally, information about community mental health therapy will be provided upon request.

I acknowledge the Counseling Services section

Prevention Education

Notice of Intent to Provide Prevention Education for Student Safety

Under Texas Education Code Sections 33.004-.006, 37.0832, and 38.351, school districts are required to provide guidance and prevention education in elementary and secondary schools.

McKinney ISD's comprehensive counseling program provides prevention education in the following areas:

- Bullying/Cyberbullying Prevention, Intervention, and Postvention (TEC § 37.0832)
- Responsible Decision-Making, Positive Relationships, and Problem-Solving Skills (TEC § 38.351)
- Grief-Informed and Trauma-Informed Practices (TEC § 38.351)
- High School and Post-Secondary Planning (TEC § 33.005-006)

- Mental Health Promotion and Intervention (TEC § 38.351)
- Safe, Supportive, and Positive School Climate (TEC § 38.351)
- Substance Abuse Prevention and Intervention (TEC § 38.351)

In compliance with Senate Bill 9, all school districts in Texas are required to provide parents an "opt in" consent for their child to receive instruction for the following topics:

- child abuse
- family violence
- dating violence
- sex trafficking

All programs listed above will be implemented through classroom and group presentations by the McKinney ISD School Counselors, Staff, and other district approved community resources. If you have any questions or if you wish to review curriculum materials in advance of instruction, we encourage you to do so by contacting your student's counselor directly.

Standard Response Protocol

Please take a quick moment to watch the MISD Standard Response Protocol video. Understanding these quick safety procedures helps us all work together to keep our students safe.

Standard Response Protocol Video

I acknowledge MISD's Student Health and Safety plan. I have watched and understand the new Standard Response Protocol for MISD. If there are any questions or concerns please contact the Director of Safety & Security, Robert Montgomery.

Student Health & Safety

McKinney ISD places highest priority on student safety. In the event of a potential concern, we will follow our district's Multi-Hazard Emergency Operation Plan, including using a school based threat assessment team to respond to threats of self-harm or threats of harm to others in accordance with board policy FFB (Local). We take all threats seriously and will be collaborating with families to ensure that any who need it have information regarding available resources in the community and support options at school. In addition, parents are encouraged to become familiar

with the counseling resources and local crisis line phone numbers which are available on our district website. Finally, our district utilizes the Tip 411 tool to enhance student safety. It is an internet-based communication system that gives students or any concerned citizen a means to quickly and anonymously report suspicious or criminal behavior at school. More information about Tip 411 is available on our website.

(17) Transportation

What is your student's primary mode of transportation for this school year? If your student will ride the bus anytime this school year please check bus as well.

Bus

Car

Walk/Bike

Club 360

Off-site Bus/Van

Third-Party After-School Pick-Up Authorization

Third-Party After-School Transportation/Pick-Up Acknowledgement

I understand that if my child is regularly transported from school by a third-party provider (including, but not limited to, daycare centers, after-school programs, camps, tutoring services, or other transportation providers), I must notify the campus and provide any required documentation verifying the arrangement.

I acknowledge that:

- The District may require proof of enrollment or authorization from the third-party provider.
- It is my responsibility to keep transportation and pick-up information current.
- The District is not responsible for changes made by the third-party provider without notice to the campus.
- Students will only be released according to the approved transportation and pick-up arrangements on file.

☐ I acknowledge and understand the requirements for third-party after-school transportation and pick-up arrangements.

(18 a) Technology Authorizations (PK-5)

Student Agreement for Acceptable Use of District's Technology Resources

[Policy [CQ\(LOCAL\)](#) ; Student Code of Conduct; Student Handbook] Student and parent/guardian have reviewed and do now acknowledge the Student Agreement for Acceptable Use of District's Technology Resources.

[Policy CMD (LEGAL)] I understand that I am responsible for any equipment assigned/checked out to my student(s). Use of a device is subject to [MISD Policy CMD \(LEGAL\)](#) , Acceptable Use Guidelines, Student Code of Conduct and Equipment Checkout Guidelines.

Content Filter Consent (Deledao)

I authorize MISD to provide guardian contact information for my child so I can enroll in the Deledao Parent Portal as explained in the Student Handbook.

Consent for Student Use of Technology Equipment and Software Applications

Your child has access to a variety of technology resources through the District, including online applications for use on or off campus. Resources such as online textbooks, instructional videos, interactive tutorials, and many other web applications offer teachers, students, and families powerful tools to enhance effective teaching and learning.

All websites, digital subscriptions, and technology tools made available to students through authorized McKinney ISD channels have been vetted by the District's academic and technology teams for quality, appropriateness, online security, and data privacy. The specific resources available to your child will depend on your child's age, grade level and course enrollment. A directory of District-approved resources is available for your review.

Where personally identifiable student information is implicated, service providers act as District officials and access only the information needed to perform the contracted service.

These outside parties are under the District's direct control with respect to the use and maintenance of student data.

It is important that you and your child review the applicable District policies and student agreement for Acceptable Use of the District's Technology Resources.

Parent or Guardian Acknowledgment: I have read the District's technology resources policy for Acceptable Use of the District's Technology Resources. I understand that my child's use of the District's technology resources is not private and that the District may monitor my child's activity. I understand that the District uses certain cloud-based (online) applications, that allow authorized individuals (only) to access student information, including assignments and grades, through the internet for school-related purpose.

I agree

(18 b) Technology Authorizations (6-12)

Monitoring Computer Activity Notification

During the school year, the District utilizes software to monitor student devices for posts or queries for serious or concerning posts or activity. In the summer all District monitoring of devices will be suspended, unless your student is enrolled in McKinney ISD summer school.

For secondary students, we will only collect devices from current 8th grade students. All other secondary students will retain their devices for the summer. Those 8th grade students that are enrolled in summer school will have a device checked back out to them should they need one for their coursework. Otherwise, current 8th grade students will receive a device during their first week at high school in August.

Therefore, the District encourages you to support your child in making safe and healthy choices online. Here are a few ways you can help reinforce safe digital practices at home while school is out for the summer:

Monitor online activity regularly. Check browsing history, privacy settings, and the apps or platforms your child is using.

Set clear expectations around appropriate technology use, including time limits and guidelines for online communication.

Discuss online safety early and often. Remind students not to share personal

information, passwords, or location details with anyone online.

Encourage open communication. Let your child know they can talk to you or a trusted adult if something online makes them uncomfortable or concerned.

Stay informed about trends and apps that students may be using, as well as potential risks associated with them.

I acknowledge the monitoring computer activity section

Student Agreement for Acceptable Use of District's Technology Resources

[Policy [CQ\(LOCAL\)](#) ; Student Code of Conduct; Student Handbook] Student and parent/guardian have reviewed and do now acknowledge the Student Agreement for Acceptable Use of District's Technology Resources.

[Policy CMD (LEGAL)] I understand that I am responsible for any equipment assigned/checked out to my student(s). Use of a device is subject to [MISD Policy CMD \(LEGAL\)](#) , Acceptable Use Guidelines, Student Code of Conduct and Equipment Checkout Guidelines.

Content Filter Consent (Deledao)

I authorize MISD to provide guardian contact information for my child so I can enroll in the Deledao Parent Portal as explained in the Student Handbook.

Cell Phone Exceptions (HS only)

Certain courses may require an exception to the cell phone use policy. Detailed information is available in the Student Handbook. (I acknowledge that I have reviewed this information--yes)

Below is what is currently on the website. There was no acknowledgement last school year.

A student may be permitted to possess or use a personal communication device only with written approval from campus administration and documentation supporting one or more of the following exceptions:

The device is required to the extent necessary to implement the student's Individualized Education Program (IEP) or Section 504 Plan.

The device is medically necessary, and its use is authorized by a licensed physician in the State of Texas and approved by designated 504 or ARD committee.

The device is needed to comply with district or campus safety protocols, or as otherwise required by law.

Dual credit students attending dual credit classes on MISD campuses can use phone to authenticate into the Collin College system during the first 5 minutes of class.

Students taking Introduction to Unmanned Aerial Vehicles (Drone) will need the use of their personal device for logging flight hours, but only at the direction of their instructor.

Student Cell Phone Notification Authorization

I understand that the District may use my child's cell phone number to send emergency notifications, safety alerts, and campus-related reminders. By providing my child's cell phone number, I authorize the District to use this number as a one-way communication tool for informational purposes only. I understand that this number will not be used for two-way communication and that students should not reply to messages sent through this system.

☐ I authorize the District to send emergency notifications and campus reminders to my child's cell phone number.

(19) Notice of Intent to Provide Prevention Education for Student Safety

Under Texas Education Code Sections 33.004-.006, 37.0832, and 38.351, school districts are required to provide guidance and prevention education in elementary and secondary schools.

McKinney ISD's comprehensive counseling program provides prevention education in the following areas:

- Bullying/Cyberbullying Prevention, Intervention, and Postvention (TEC §

37.0832)

- Responsible Decision-Making, Positive Relationships, and Problem-Solving Skills (TEC § 38.351)
- Grief-Informed and Trauma-Informed Practices (TEC § 38.351)
- High School and Post-Secondary Planning (TEC § 33.005-006)
- Mental Health Promotion and Intervention (TEC § 38.351)
- Safe, Supportive, and Positive School Climate (TEC § 38.351)
- Substance Abuse Prevention and Intervention (TEC § 38.351)

In compliance with Senate Bill 9, all school districts in Texas are required to provide parents an "opt in" consent for their child to receive instruction for the following topics:

child abuse

family violence

dating violence

sex trafficking

All programs listed above will be implemented through classroom and group presentations by the McKinney ISD School Counselors, Staff, and other district approved community resources. If you have any questions or if you wish to review curriculum materials in advance of instruction, we encourage you to do so by contacting your student's counselor directly.

(20) Student Records Consent (FERPA) (9-12 only)

FERPA Waiver For Transcripts & Letters Of Recommendation For High School Students

The Family Educational Rights and Privacy Act ("FERPA") is a Federal law that protects the privacy of student education records. In accordance with FERPA, McKinney ISD withholds certain educational records unless the student's parent (or student, if 18 years old) provides consent to disclose such information. The purpose of this form is to provide the FERPA-required consent to McKinney ISD (McKinney High School, McKinney Boyd High School, McKinney North High School, and CAM Academy) to release the student's transcript and/or letter(s) of recommendation by mail or electronically (via fax, email, or website link) to the entities listed below. The student must provide the name of the entity and mailing address, email address, or website link on a separate request form to be submitted to his/her school counselor or registrar. This consent will allow McKinney ISD to disclose educational records on behalf of students applying for academic or athletic scholarships, or summer programs at high school or post-secondary

institutions (e.g., colleges/universities) that occur during the student's high school years that may require submission by mail or electronically.

DO YOU AUTHORIZE McKinney ISD to release the following documents and information:

- official transcript
- letters of recommendation
- any requested backup documentation

The documents may be sent to the following types of requesting entities: high school, NCAA, or post-secondary institutions or scholarship programs.

If you choose NO, any transcript or letter of recommendation requests will need to be requested in writing.

(21) Academic Guidelines & Progress Tracking

MISD provides academic progress reports at the midpoint of each grading period for elementary students and at two designated progress reporting intervals for secondary students in addition to a report card at the end of each grading period. Reports may also be issued at any time a student's academic performance is consistently unsatisfactory as determined by the teacher.

Additional information about our retest procedures and standards for academic integrity are available in the [McKinney ISD Student Handbook](#).

Information about progress reporting dates and academic eligibility for UIL participation is available on the [MISD Grading Procedures Page](#).

Access to your student's grades and academic reports is available at any time through the district's electronic platform, **Skyward**.

Advanced courses (Level II and Level III) are subject to the Advanced Course Agreement. You can review the document via the [Advanced Course Agreement Link](#).

Academic Advising

- 1) The Academic Planning Guide (APG) is an important resource for our students and parents. We encourage families to review this document carefully for information on course offerings, graduation requirements, career exploration, and college readiness. Parents are also encouraged to work collaboratively with the school counselor and other staff on the development of personalized graduation plans and goals, including selecting an appropriate endorsement. To access the APG, visit:

<http://www.mckinneyisd.net/secondary-student-support/academic-planning-guides/>

For more information on graduation requirements and endorsements, visit:

<http://www.mckinneyisd.net/secondary-student-support/graduation-requirements/> (Grades 6-12)

- 2) Under the Uniform Admission Policy (TEC, §51.803), students that are ranked within the Top 10% of their graduating class are eligible for certain privileges when applying to public colleges in Texas, including automatic admission if they meet the criteria. Students must graduate with a Distinguished Level of Achievement in order to be eligible for Top 10% recognition. Eligible students will be notified in writing. Additional information is available from the Texas Education Agency:
https://tea.texas.gov/Academics/Graduation_Information/Automatic_College_Admission/ (Grades 9-12)
- 3) A transcript is a record of courses taken and the grades earned. Official transcripts are released only by request. A parent or 18 year old student may request transcripts to be sent to colleges, universities or private organizations for the purposes of admission applications, athletics eligibility or scholarships. Transcripts will only be released to third parties such as military recruiters or athletic staff at prospective universities if requested by the parent or adult student. Parents may request their child's transcript by contacting the school registrar. Students in grade 12 may request their transcript using Naviance. McKinney ISD may elect to submit a transcript electronically through Naviance or another electronic service or may elect to mail via the US Postal Service. Transcript requests may take up to five business days to process. (Grades 9-12)
- 4) The Texas First Early High School Completion Program has been established to allow public high school students who demonstrate early readiness for college to graduate early from high school. The purpose of the program is to promote the enrollment of high performing students at eligible institutions within the state of Texas. If your child is interested in early graduation, please see the general information in the APG and set an appointment with your child's school counselor. Additional information on the eligibility requirements for this specific program can be found here:
<https://www.highered.texas.gov/the-texas-first-program/>

I acknowledge that I have reviewed this information

(22) Instructional & Library Materials

Library Materials

McKinney ISD is committed to providing efficient parent access to our online library catalog. The online library catalog can be viewed at any time by logging into the

parent SSO portal. If you would like to access your student's library account to view what they have checked out, review their checkout history, or block them from accessing specific books, then please visit the [parent library access tool page](#) located on the MISD website. Additionally, the primary guardian listed on the school registration forms will receive an email notification each time a library material is checked out by your child. You may access McKinney ISD policy related to library materials by referring to [MISD board policy EFB Local](#)

Notice of Intent to Provide Reproductive Health Instruction

Under Texas Administrative Code (TAC) Sections in Chapter 112, 115, and 127, school districts may provide instruction in reproductive health for elementary and secondary schools.

Disclaimer: This form is intended for students who are or may be taking the courses listed below or receiving health information below during the school year.

The following McKinney ISD courses include curriculum on reproductive health as required by the state:

- 4th Grade Growth and Development
- 5th Grade Growth and Development
- 7th Grade Science / 7th Grade Science Honors
- Anatomy & Physiology
- AP Biology
- Biology / Biology Honors
- Health I
- IB Biology SL / IB Biology HL
- Child Development
- Health Science Theory
- Principles of Human Services
- Medical Terminology
- Counseling & Mental Health
- Instructional Practices

In addition the following courses cover Prevention of Child Abuse, Family Violence, Dating Violence, and Sex Trafficking TEKS:

- Principles of Human Services
- Child Development

- Counseling & Mental Health
- Instructional Practices
- Law Enforcement I
- Law Enforcement II

In compliance with Texas Administrative Code (TAC) and the Texas Essential Knowledge and Skills (TEKS), please provide us with your decision regarding your consent for your child to receive instruction in the classroom for the following topics:

All programs listed above will be implemented through classroom and group presentations by McKinney ISD. If you have any questions or if you wish to review curriculum materials in advance of instruction, we encourage you to do so by contacting your student's campus.

Instructional Plans

You may access the 2026-2027 instructional plans for your child's classes on our [MISD Teaching and Learning website](#). Your child's teacher(s) will communicate more specific information regarding your child's learning experiences this school year.

☐ I acknowledge and understand how to access the District's Instructional Plans.

Parents & Family Engagement Plan

Parents and guardians are encouraged to review the MISD parent and family engagement plan documents available on the [Parent & Family Engagement site](#).
(I/we acknowledge)
