10:15-11:00am - Room 37

Session 1A Title: Web Tools That Don't Require Logins

Tools with no Logins

[iPiccy](#) - Upload images and edit and enhance them. Add text and stickers. Even make a collage of multiple photos.

[PollEverywhere](#) - Create, share, and collect open-ended and multiple choice polls

[Collaborations Around the Planet](#) - A portable to videoconference projects

[Chogger](#) - Make multi-panel comics

[Awwapp](#) - Simple drawing online. Works on mobile devices as well.

[Draw.io](#) - Make flow charts and diagrams

[Drawzit](#) - Online drawing tool

[Webnode](#) - Teacher creates an account, but the forum on a site doesn't require a login.

[Pen.io](#) - Anyone can make a webpage. You can pick your URL.

[Safe Share](#) - Make a page that shows only the YouTube video you paste. No ads or comments.

[Padlet](#) - The new Wallwisher. Make a wall where others can contribute stick notes

[RecordMP3.org](#) - Record audio and get a URL for that audio you can paste anywhere

[Google Drive](#) - Share a text or slideshow document where anyone with the link can edit

[Socrative](#) - Teacher has a login and can give students a room number to join

[EdHeads](#) - Interactive games and lessons

[NASA for Kids](#)- NASA lessons and resources, involve your classroom with NASA

[Cool Math Games](#)

Tools that Require Logins

[GoAnimate](#) - Make cartoons

[Wikispaces](#) & [PBworks](#) - Make a collaborative website. Teacher can make student accounts.

[Edmodo](#) - collaborate, create classes and network.

[Tab Start](#) - Create a homepage with links

Strategies

Set up a class [Gmail](#) account to log into websites that require sign-in.

Resources

[Cool Tools for Schools](#) - Wiki with a listing of web-based tools

[Diigo Bookmarks](#) - Tony Vincent's bookmarks with sites that don't require logins. For all of Tony's bookmarked web

tools/web apps check out [these](#).

[Edutopia](#) and [Buck Institute for Education](#) - Problem based learning resources, lessons, and webinars.

[Florida Center for Reading Research](#) - Links to centers, games, and printables. Also provides ratings for other websites that are research based.

[Illuminations from NCTM](#) - Web based activities without passwords or membership

[Math Aids](#) - Create your own math worksheets for any skill at any level

[Foss Web](#) - Free science activities
