

Worksheet: Turtle Graphics, Free Draw

Name

Class

Question 1

Starting with this link: <https://csinschools.io/turtle>, and using the techniques you've learned so far with turtle graphics, create your own computer generated image.

Be sure to include the following in your turtle code:

- Repeats
- Different pen colours
- Coloured in shapes
- Using penup and pendown to draw shapes which are separated from each other

You may wish to refer to the following [reference sheet](#) for some example code and descriptions of the turtle instructions covered so far.

Happy drawing!
