

## Skill Sharing Supply List

This class is taught with BERNINA and bernette machines in mind, but all brands are welcome. Note however, what you will learn will be based upon the capabilities of your machine and the presser feet it can accept.

Class Number One:

Sewing machine in good working order including the power pedal, cord and slide on table and free hand system if you have one

All Presser feet that you have for your machine

50 weight sewing thread or 60 weight if you are using Quilter's Choice thread

Writing instrument for notes

Two **EMPTY** bobbins for your machine

Thread snipping scissors

Marking pencil or pen

Ruler (for marking lines not cutting necessarily)

For class number one, we will provide everything else you need. If you decide to continue to learn with us, a separate supply list will be given at the end of class one.
