19.	Added.
20.	<p>a) It is an appropriation of profit. OR (c) Capital Reserve</p>
21.	<p>Accounting information should be comparable because of the following reasons. Comparable accounting information helps in inter-firm comparisons. This helps in assessing viability and advantages of various policies adopted by different firms. It also helps in intra-firm comparisons that help in determining the changes and also to ascertain the results of various policies and plans adopted in different time periods. This also helps to figure out the errors, ascertain growth and assist in management planning. or any other correct reasons. (1.5*2=3)</p>
22.	<p>1. Increase in revenue Increase in revenue is credited as it increases the capital. Capital has credit balance and if capital increases, then it is credited.</p> <p>2. Decrease in expense Decrease in expense is credited as all expenses have debit balance. If expense decreases, then it is credited.</p> <p>3. Record drawings Capital has credit balance; if the capital increases, then it is credited. If capital decreases, then it is debited. Drawings are debited as they decrease the capital.</p> <p>4. Record of fresh capital introduced by the owner- credit Capital has credit balance, if capital increases, then it is credited. The introduction of fresh capital increases the balance of capital, and so, it is credited.</p> <p style="text-align: center;">OR</p> <p>1 mark for correct meaning and 2 mark for correct limitations</p>
23.	<p>Imprest amount is an amount of money given by the main cashier to the petty cashier in the beginning of a period. At the end of the period, the amount spent by the petty cashier gets reimbursed in such a manner, that he has the same amount of cash in hand in the beginning of next period. For example, if the main cashier gives an imprest amount of Rs 1,000 to the petty cashier on April 01, 2011 and at the end of the month the petty expenses amount to be Rs 850, which is spent by the petty cashier during the month. In this case, Rs 850 will be reimbursed, so, that on May 01, 2011, the petty cashier will have Rs 1,000 at his disposable to meet petty expenses for the next month</p>

24.	Amount wrongly debited by the bank implies a situation when the bank wrongly debited a Pass Book. The following are the common mistakes that occur in the Pass Book when a bank wrongly debited in the Pass Book. Mistakes occur in case a person has more than one account in a bank.
