

US-based F-35 Joint Strike Fighter production sites in alphabetical order

Arizona

- BEI Precision Systems & Space Company, Inc. make electro optical systems and equipment in Maumelle, AR

California

- Kirkhill Inc. make clamps and high temperature seals in Brea, CA
- Brandy Manufacturing make precision hinges in Burbank, CA
- R&F Products Inc make fairings, gaskets and rubber and silicone seals in Carlsbad, CA
- HiRel Connectors, inc. make electrical and electronic connectors in Claremont, CA
- Alarin Aircraft Hinge, Inc. make hinges in Commerce, CA
- Composites Horizons LLC make augmentor flaps, fairings, seals and bypass ducts in Covina, CA
- AeroFit, Inc. make fluid fittings in Fullerton, CA
- Hydraflow make metallic hoses in Fullerton, CA
- Latecoere Aerostructures (Avcorp Industries) make composite wing skins in Gardena, CA
- TL Machine, Inc. make manifolds and ducts in Garden Grove, CA
- Vianh Company Inc make CNC precision machining in Garden Grove, CA
- Precision Coil Spring Co. make springs in El Monte, CA
- Marvin Engineering Company make aircraft structural components in Inglewood, CA
- PTI Technologies make hydraulic filters and oil filters in Oxnard, CA
- Cubic Global Defense make aircraft-embedded air combat training systems in San Diego, CA
- Cubic Mission Solutions make air-to-ground data links in San Diego, CA
- FCI Aerospace make liquid level sensors in San Marcos, CA
- Woodward HRT make hydraulic actuators and engine servovalves in Santa Clarita, CA
- Aerospace Dynamics International make aircraft structural components and aircraft interior bulkheads in Valencia, CA
- Cicoil Corporation make cable assemblies in Valencia, CA

Colorado

- Electronics Metal Finishings Corp. make erosion shields in Colorado Springs, CO

Connecticut

- Swift Textile Metalizing make metal insulating tape in Bloomfield, CT
- HarcoSemco make engine temperature & speed sensors in Branford, CT
- Pratt & Whitney Military Engines make turbofan engines in Middletown, CT and East Hartford, CT
- Beacon Industries make piston rings in Newington, CT

Florida

- Aerosonic Corporation make air data systems in Clearwater, FL
- Sintavia, LLC make engage in additive manufacturing in Fort Lauderdale, FL
- Lockheed Martin Aeronautics make canopy components in Pinellas Park, FL
- Sypris Electronics, LLC make avionics racks in Tampa, FL

Georgia

- Accurus Aerospace Athens, LLC engage in final assembly in Athens, GA
- Magnolia Advanced Materials make syntactic composites in Atlanta, GA
- Nor-Ral Composites make composite sandwich panels, fairings, and shock absorbers and mounts in Canton, GA
- Kencoa Aerospace make metal and alloy fabrications and precision machined parts in Eastman, GA

Idaho

- Unitech Composites make binocular optical support structures for head-up displays in Hayden, ID

Illinois

- Aurora Bearing Company make rod end bearings in Montgomery, IL

Indiana

- MSP make precision measurement equipment in Bloomington, IN

Kansas

- Globe Engineering Co., Inc. make tube assemblies in Wichita, KS
- McGinty Machine Company Inc. make precision machined parts in Wichita, KS

Massachusetts

- QinetiQ North America make aircraft armour in Franklin, MA
- IBC Advanced Alloys make beryllium-aluminum alloy components in Wilmington, MA
- Lytron, Inc. make avionics heat exchangers in Woburn, MA

Maryland

- Saft America Inc. make lithium ion batteries in Cockeysville, MD
- LAI International, Inc. make precision-manufactured airframe components and structural components for vertical fin in Westminster, MD

Michigan

- Sharp Tooling Solutions make tooling solutions in Township, MI
- BMT Aerospace USA make actuation gearing in Fraser, MI
- Paragon D & E make tooling in Grand Rapids, MI

Minnesota

- 3M Aerospace Sealants make fuel tank sealants in Maplewood, MN

North Carolina

- Triumph Actuation Systems make hydraulic utility actuation (HUA) valves in Clemmons, NC

New Hampshire

- Ksaria Corporation make fiber optic cable assemblies in Hudson, NH
- RdF Corp. make temperature sensors in Hudson, NH
- BAE Systems make electronic warfare systems in Nashua, NH

New Jersey

- Drytech Inc. make air filters in Cookstown, NJ
- Kreisler Manufacturing make tube assemblies in Elmwood Park, NJ
- Flow Systems make sonic nozzle flow meters in Edison, NJ
- Kulite Semiconductor Products, Inc. make pressure transducers in Leonia, NJ

New York

- GKN Aerospace Monitor make titanium forged bulkheads in Amityville, NY
- Air Industries Machining Corp make aircraft landing gear in Bay Shore, NY
- CPI Aerostructures make aircraft structural components in Edgewood, NY
- BAE Systems Platform Solutions make automatic flight control systems in Endicott, NY
- Seanair Machine Company make precision machined parts in Farmingdale, NY
- CIRCOR Aerospace Products Group make pneumatic equipment in Hauppauge, NY
- Custom Electronics, Inc. make capacitors in Oneonta, NY
- Arkwin Industries Inc. make mechanical actuators and bootstrap reservoirs in Westbury, NY

Ohio

- Goodyear Tire & Rubber Company make tyres in Akron, OH
- Voss Industries Inc. make clamps in Berea, OH
- Howmet Aerospace make metal and alloy forgings in Cleveland, OH
- Aero Fluid Products make bleed valves in Painesville, OH
- AeroControlex make hydraulic system valves in South Euclid, OH
- Duke Manufacturing make metal and alloy castings in Willoughby, OH

Oregon

- Teledyne FLIR make infrared integrated detective assemblies in Wilsonville, OR

Pennsylvania

- Aurora Optics, Inc. make fiber optic cable splicers in Ambler, PA
- PulseR, LLC make transceivers in Bristol, PA
- Carpenter Technology - Latrobe Operations make superalloys for landing gear in Latrobe, PA

South Carolina

- AMAMCO Tool make carbide compression router for trimming composites in Lyman, SC

Tennessee

- Flexial Corporation make EHA reservoirs in Cookeville, TN
- Teledyne Advanced Electronics Solutions make transceivers in Lewisburg, TN

Texas

- CTR Aero make precision machined parts in Carrollton, TX
- Lockheed Martin assemble F-35s at Air Force Plant 4, which is owned by the US government and operated by Lockheed Martin, at Fort Worth, TX.
- Co-Operative Industries Aerospace & Defense make wire harnesses in Fort Worth, TX
- National Utilities Co./NUCO make clamps and flanges in Fort Worth, TX
- Socomore make Epoxy Resins in Rhome, TX

Washington

- Safran Electronics & Defense / IDD Aerospace Corp. make standby flight display bezels Redmond, WA
