

Car Wash

The Swim Team has had a long tradition of sponsoring car washes to help raise funds. It is a fun way to bond and earn money towards student accounts. Students sign up for a 2 hour slot so help with holding signs, washing, drying and collecting funds. Both the boys and the girls swim team share these fundraisers. Individuals sign up for slots by using sign-up genius.

Historically, the car washes were held in the summer months but have been moved to September when more students are available to participate. Parent volunteers also help chaperone the car washes.

We require a minimum of 4 students per slot in order to host a car wash.

Car Washes raise a lot of money and the money can be used to help purchase gear, team trips, and banquet expenses.
