DIGITAL ARTIFACT ON CULTURAL HERITAGE OUTLOOK OF SINDH, PAKISTAN

Cultural heritage outlook in Sindh, Pakistan © 2022 by CC Pakistan Chapter / XploreOpen (Chapter in formation) is licensed under Attribution 4.0 International

This DIGITAL ARTIFACT on Cultural heritage outlook of Sindh, Pakistan reports the online digitized heritage collections which are archived on the website of antiquities and are being shared for public consumption but CC tools (CC0 or the Public Domain Mark) are not being adopted to share them. This online digitized heritage collections include 1. Forts 2. Graveyards 3. Heritage Buildings 4. Mosques and 5. Tombs that are located in urban and rural Sindh of Pakistan and were reported in the previous study funded by CC open GLAM and investigated by (Subhani and Osman, 2022).

To celebrate #CC20Anniversary, CC Pakistan chapter, will be:

1. Organizing an online event /panel discussion, while inviting speakers to talk about the open movement in our higher education community and how CC is helping academicians, educators

in the open movement and how can we expand this CC open movement in our local setting & community for open and better sharing.

2. Providing training sessions from Pakistan about Creative Commons open sharing by using CC licenses and advancing the universal access and fostering creativity, innovation, & collaboration in higher education institutes.

To promote the open science and CC movements, CC Pakistan chapter, will also be hosting a two days International conference on open science in collaboration with Creative Commons, DOAJ, Higher Education Commission, Govt. of Pakistan, ILMA University, Pakistan and Federal University of Goiás, Brazil, in January 2023.

CC Pakistan Chapter/ XploreOpen (Chapter in formation) is led by Prof. Dr. MI Subhani. Dr. Subhani is an Ambassador of DOAJ. He also advocates Open Science as the member of CC GN & CC Open GLAM.

Amber Osman is the co-lead of Pakistan Chapter. She is also an Ambassador of DOAJ and the member of CC GN & CC Open GLAM.
