

## A Family Gathering: Developing a Home-Based Learning Environment

# Objective

To investigate a few different websites related to tips for home-based learning strategies to share with parents/caregivers.

*The estimated activity time is 25 - 30 minutes.*

# Brainstorm & Design

Using the chart shown and linked below, and write down tips and strategies that resonate with you from each of the three sites.

[CHART: Developing a home-based learning environment](#)

Website	Tips and strategies
<a href="#"><u>5 Things Parents [Caregivers] Can Do to Support Students Online</u></a>	
<a href="#"><u>Parent [Caregiver] Tips and Tricks for Distance Learning</u></a>	
<a href="#"><u>8 Elements of Home-Based Learning</u></a>

## Stop & Think

*Key (T - teacher; SL - school leader; DL - district leader)*

Consider your student and family population as you reflect on the questions below.

- Which of the strategies and/or tips that you wrote down above will you compile to fit the needs of your student and family population? (T, SL)
- How will you share the strategies and/or tips with them? (T, SL)
- How will you partner with parents/caregivers to support implementation? (T, SL, DL)
- What are some universal strategies and/or tips that will work for the entire school or district? (SL, DL)
- How can you engage parents/caregivers in a conversation about home-based learning strategies and/or tips from the beginning? (T, SL, DL)
