New Rising Arts

2027 Fees & Payment Options

Dear Parent/Guardian,

We're thrilled that you're considering joining the New Rising Arts family! Whether your child is a budding artist, an aspiring performer or simply looking to explore their creativity, our programmes are designed to nurture their growth and passion in a supportive and engaging environment. Here's what you can expect as part of our community:

High-quality programmes: Skilled and dedicated teachers support students' individual and group development.
A creative home: We provide a safe, vibrant space where students can express themselves and connect with others.

Learning that fits the student: Students may choose an Academic or Recreational pathway according to their goals and circumstances. Both pathways include access to competitions, performance opportunities and progress assessments at each student's pace. **Only the Academic Pathway includes external examinations and accredited external grading.** Neither pathway is more important than the other, and students may move between them as their goals or school and life circumstances change.

Please see the **2027 New Rising Arts Rate Card** and enrolment information here:
• **2027 New Rising Arts Rate Card**
• **2027 Enrolment Form**

All class fees will increase by **4% from 1 January 2027**. The 2027 fee structure and updated policies apply to enrolments from that date.

2027 enrolment options and specials

Termly Enrolment

- Standard termly fees apply. Monthly instalments are available.
- One calendar month's paid notice is required to end enrolment.
- The approved Term 1 early-payment special is listed below.

Annual Membership

- Fees may be paid in 12 monthly instalments or upfront by 15 December for a 10% discount on fees.
- Families enrolled in five or more programmes per account holder receive **20% off group classes**.
- Three months' (one term's) paid notice is required to end enrolment.

We calculate our full-price fees by multiplying the lesson rate by 38 lessons for the year, then dividing the total into 12 monthly instalments. This keeps monthly payments consistent, with school holidays, public holidays and planned Studio closures already allowed for. Termly families pay three instalments per term. Annual Membership rates are listed separately below.

Our approved 2027 specials are:

1. Enrol before the end of **November 2026** and receive **10% off January fees**, provided payment is made by **15 December 2026**.
2. Enrol & upgrade to annual membership before the end of **November 2026** and pay 2026 fees for (Jan-March), provided payment for January is made by **15 December 2026**.
3. An **annual upfront payment** receives **10% off the full year**.
4. **Termly payments made before 15 December 2026** receive **10% off Term 1 fees**.

Please contact our office in time to receive your discounted invoice for payment by 15 December. The January fee is the first instalment for lessons received in Term 1. It is due on 31 December 2026, in advance for January 2027, and is not based on how many lessons take place during January. If you have not given the notice that applies to your enrolment, this amount remains payable.

Important reminders and payment policy

- Lessons and fees remain fixed according to your chosen enrolment structure until written notice is given.
- Monthly fees are due by the last calendar day of the preceding month, in advance, or the next working day if that date falls on a weekend.
- A **R50 late payment fee** will be added to the next invoice every 7 days if payment has not been received by the first working day of the following month.
- Card payments are subject to a **3% processing fee**.
- Fees remain payable if a student is absent from a programme they are registered in. Catch-ups are not guaranteed, transferable, credited or refundable.
- Discounts do not stack: each special applies only to invoice items not already discounted—for example, if the 20% Annual Membership discount applies to group classes, the 10% upfront-payment discount applies to individual classes only.

For Termly Enrolment, advance written and paid notice of **one calendar month** is required. For Annual Membership, **three months (one term) of paid notice** is required. Notice may not be given during December or January. If notice is not received, we assume that the student will continue participating. If you re-enrol after giving notice, a **R360 registration fee** applies. Time slots, teachers and class placements cannot be promised and may no longer be available. Trial lessons for new programmes are charged at a pro-rata rate.

2027 Fees & Payment Options

Class preparation, logistics & missed sessions

Creative programmes run alongside the South African public school calendar as far as possible, with approximately **9–10 lessons per term**. Please keep up to date with the term calendars and schedules:

- New Rising Arts Term Dates & Public Holidays
- The Studio Milnerton Public Events & Important Dates
- The Studio Schedule & Class Information Guides

Please check the dress code, class material needs and lesson requirements for your child's programme. These may involve additional costs for the account holder.

If a teacher is absent and a qualified substitute is arranged, the class will go ahead as scheduled. If a student or parent chooses to decline the substitute, the lesson is forfeited, and no catch-up or credit is offered. If a substitute is not available, a catch-up will be arranged based on teacher availability. Catch-ups are only offered when:

- The teacher is absent, and a substitute is not available; or
- The student experiences an extreme medical emergency, such as hospitalisation, supported by a doctor's note.

Catch-ups are subject to space and scheduling availability. If two catch-up options are refused, the lesson is forfeited. For individual music lessons, a virtual lesson may be requested if a student is contagious but able to practise on their own instrument from home.

No catch-ups, refunds or credits are given for classes falling on public holidays, school holidays shown on the Education Department calendar, or planned Studio closure dates listed in the term calendar.

Please email our office to request any enrolment or time-slot changes. Verbal conversations do not change an enrolment or count as notice.

Student collection and safety

Underage students may not leave The Studio without a guardian. Parents are asked to collect their children directly from the waiting area. Qualified staff are present at the venue during lesson times, but timely drop-off and pick-up remain the parent or guardian's responsibility.

Aftercare fees may apply for unreasonably late pick-ups. Our aftercare and childminding staff leave at **5 pm**. After that, parents and students are responsible for packing away any toys used during this time.

OUR CREATIVE ECOSYSTEM

The Studio ZA. Creative Hub & Professional Development Academy

The Studio ZA is the physical and operational home of the ecosystem: a shared creative hub for classes, events, venue partnerships, professional development and Creative Entrepreneurship Training. It provides the space, systems and infrastructure that allow the different departments, freelancers and partners to work independently while remaining connected.

Ecosystem connection

It is the central point where people, programmes, partnerships and opportunities cross-pollinate — so growth in one part of the ecosystem can create movement and opportunity across the others.

Kids Events & Experiences

Creative parties, holiday care, school activations, and children's experiences designed to keep kids engaged through play, creativity, and connection. Services can be hosted at The Studio ZA or travel to homes, schools, and events across Cape Town.

Ecosystem connection

Introduces families to the wider Studio community through enriching & valuable kids' parties, school services, creative experiences & event services, while creating additional facilitation and income opportunities for our creative team.

Humanitarian Outreach & Skills Development Non-Profit

An 18A-exempt non-profit focused on practical community support, youth development and long-term opportunities through humanitarian outreach, training and skills development. Its programmes have included food relief, annual Christmas support, sports development, First Aid training and pathways into further practical skills.

Ecosystem connection

Connects the commercial creative ecosystem to meaningful community impact, allowing skills, partnerships and opportunities to move beyond those who can afford to access them.

Creative Events & Experiences for Adults

Creative social, private, and corporate experiences for adults who want to create without needing previous arts experience or committing to weekly classes. Experiences include Paint & Sip, Cocktails & Clay, Sketch & Sip, and Wine & Design, hosted at The Studio ZA or external venues.

Ecosystem connection

Extends our creative community and their access to creativity in adult, social, and corporate spaces while creating additional work for facilitators and bringing new people into the wider ecosystem.

Performance & Visual Arts Academy

A multidisciplinary academy offering recreational and academic pathways across music, dance, drama, visual arts, pottery, film production, recreational gymnastics and creative aftercare. Students can learn for enjoyment or follow structured pathways toward examinations, competitions, performances and other creative opportunities.

Ecosystem connection

Provides the ecosystem's most consistent weekly learning environment for toddlers, kids and adults of all backgrounds, brain types, learning styles and goals, while developing students, performers and future creatives who can grow through opportunities across the wider Studio.

Community Food Garden, Skills Development & Mentorship

An 18A-exempt community development initiative built around sustainable food gardens, practical agricultural learning, mentorship and environmental education. Its work includes community food production, learner involvement, agricultural skills development and partnerships that support longer-term growth.

Ecosystem connection

Creates a practical pathway for resources, mentorship and opportunity from the wider ecosystem to support food security and skills development within our communities
