June 20xx

Dear Hillside Student,

Even though the 202x-202x school year is almost over, we are already thinking about our new school year together that will begin in September. We thought it would be lots of fun if we could create a new school theme for the 202x-202x school year. Our last xxx school themes were:

2017-2018: "We may all be different fish, but at Hillside School, we swim together."

2018-2019: "Just like flowers on a hillside, we are here to learn, grow and flourish!"

2019-2020: "Just like paints on a palette, we all make the picture complete!"

2020-2021: "Every bird in the Hillside sky helps make the song beautiful!"

2022-2023:

We integrated these themes into our special events like Halloween and the 4th Grade play, photo booth, hallways and more! Your theme could be around anything that interests you and should incorporate a catchy slogan about Hillside. Feel free to talk it over with your family and work together to think of a great idea. Please complete the [Hillside School Theme Proposal](#) by Junexxth.

Every idea is important, but remember, only one winning theme will be selected. Give it a try and have fun! We look forward to seeing your creativity!

Warmly,

Mrs. Cazes and xx
