### TRANSPORTATION OF STUDENTS TO/FROM SCHOOL-SPONSORED EVENTS BY NON-SCHOOL EMPLOYEE

Where the District does not provide transportation and the student will not be transported by their parent/guardian, parental permission for the student to ride with a non-school employee driver must be provided. Please complete the information below and submit it to the staff member organizing the event.

My child, \_\_\_\_\_ will be participating in the following school activity:

Description of Activity \_\_\_\_\_

Location \_\_\_\_\_

Date \_\_\_\_\_

I have arranged for \_\_\_\_\_ to travel to\_\_ or from\_\_ this activity in a vehicle driven by \_\_\_\_\_, who is not a school employee. I have made such inquiries and investigations as I consider necessary to satisfy myself that this is a safe and acceptable arrangement. I am solely liable for this decision, and will not seek to hold the school district liable for injury to my child that may occur while they are traveling with \_\_\_\_\_.
