

CTA Name: End the War and Humanitarian Crisis in Gaza

CTA Author: Rebecca Larson

Date Created: 05.26.2025

Description of the issue:

The Israeli government has dramatically escalated ground operations, with the UN warning that 14,000 babies in Gaza could die in the next 48 hours as aid trucks remain blocked at the border. The UK has suspended trade talks with Israel, and the EU is reviewing their own free trade deal. During Trump's visit to the region, he reiterated plans to relocate Palestinians, and ceasefire talks remained stalled.

Despite a tentative ceasefire proposal initiated in January of 2025, the devastating war and humanitarian crisis continues in Gaza.

The United Nations has also sounded the alarm about Israel's blockade of humanitarian goods and supplies into Gaza, warning that the population is now on the brink of famine.
