

PLANNING "HOT TIPS"

1. **How to get free credits on Teachers Pay Teachers:**
 - a. If you write a review for things you bought, they give you credits in your account toward future purchases.
2. **Google Meet now has breakout rooms!**
 - a. [Download the extension and watch the Video](#) (more detailed instructions - [long version](#))
 - b. You can use [Google slides](#) during Breakout rooms and have groups edit a slide, then share out upon return to the whole class
3. **Did you know that you can create a [self-grading quiz](#) in Skyward?**
 - a. This means you don't need to transfer grades!
 - b. Be sure to make an announcement in Google Classroom that they need to log into Skyward for the quiz
4. **When making an assignment in Classroom, don't forget to set the actual point value that you will use in Skyward.**
 - a. Some parents are confused by assignments being worth 100 points in Classroom but only 20 points in Skyward
5. **Introducing Google Assignments! [Video link](#)**
 - a. This includes originality reports (aka - did the student copy and paste their answers?)
6. **[Making images into links in Seesaw](#)**

Need some videos to post for students to help them out? Try these:

[How to turn in an assignment that does not need to be uploaded](#)

[Use "View all" in the Stream to see all your assignments in one place in Google Classroom and to check for teacher comments](#)

[This difference between a class comment and a private comment to the teacher in Google Classroom](#)
