

Adding Programs in Savvas Realize

1. Access Savvas EasyBridge through ClassLink by opening the *enVision Math K-5* or *enVision Math 6-8* app.

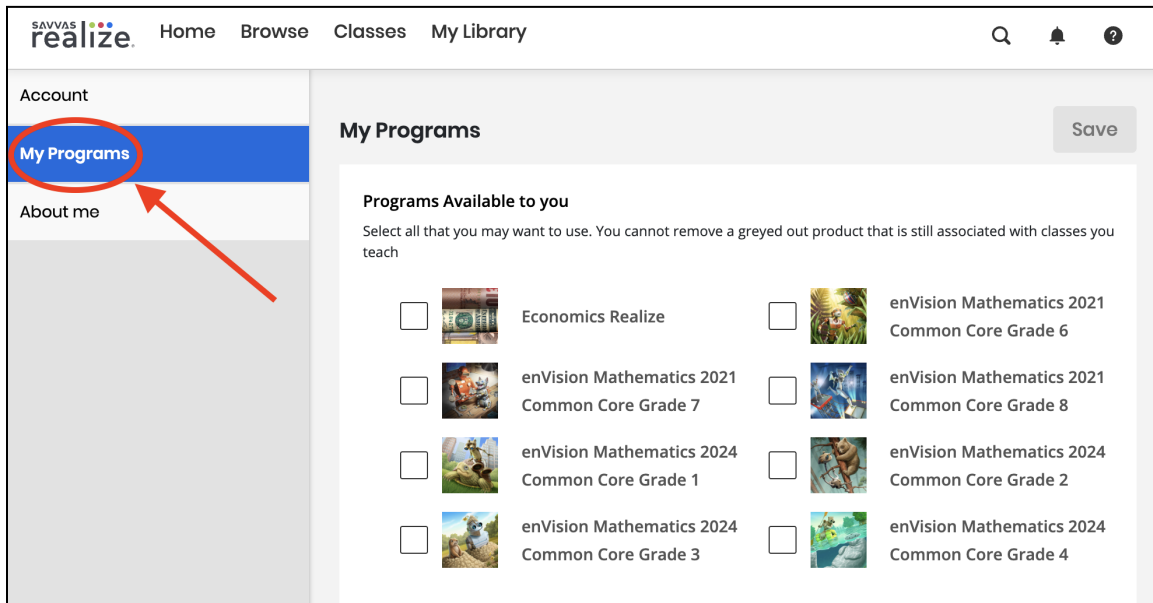

Once in EasyBridge, click on **Savvas Realize**.

2. From the Savvas Realize home page, go to your **profile icon** in the upper right corner and select **Settings**.

3. Under Settings, choose **My programs**.

4. Select the desired programs to add. Teachers can have access to all levels of *enVision Mathematics K-5* or *enVision Mathematics 6-8*.
5. Click **Save** in the upper right corner. The selected programs will now appear in your Realize.
