# RULES.

——— I am free because I know that I alone am morally responsible for everything I do.

---

## General.

---

01. **Not private, not selective!** I also accept anon asks and threads.
  - a. That said, **IF YOU ARE PRIVATE AND/OR SELECTIVE, I WILL LIKELY NOT FOLLOW YOU FIRST.** It makes me feel extremely awkward to follow a private blog and not be followed back.
02. **Activity will sometimes be low.** My anxiety and life in general sometimes go in the way of my writing, so I may not always answer quickly.
03. **Muses  $\neq$  Mun.** What my characters may say or do to yours does not mean I have the same thoughts and opinions or agree with their actions.

## The Mun.

---

01. **You may call me Phones.** Yes it's one of my muses' nicknames, I never expected to play him when I chose this name for myself and I'm stuck with it now :o)
02. **I am of legal age.** Some of my characters aren't. I'm fine with writing NSFW but it will be with people I trust and outside of Tumblr.
03. **English is my second language.** I'm French Canadian! Sorry for any future mistakes!
04. **I have no triggers,** but I'm uncomfortable with *cancer* mentions. I will also not interact with Yu-Gi-Oh! muses due to past bad experiences.
05. **If we're mutuals, feel free to ask for my Discord.** I'm pretty active and am willing to roleplay over there.

## About roleplaying.

---

01. **You DO NOT have to match my post length.** I'm pretty chill when it comes to this, as long as you give me something to work with.

[Jump to Character Roster?](#)

02. **My use of icons will be random.** I do have them for all of my muses, but sometimes there's just not the perfect one! Or I'm just lazy.
03. **Plotting** is always fun and helps with creating interesting stories. If you want to chat about our threads (or anything else, really), feel free to send me a message.
04. **I may put a limit on active threads** so as not to become overwhelmed with answers to write. I'll post something about it if it comes to it.
05. **About shipping.** I like to go with the flow and let the relationship happen on its own, but we can also plot if you prefer.
06. **Some of my characters are headcanoned as asexual.** It doesn't stop them from getting ships but it may change dynamics in the relationship.
