Themes and Significance:

Love and Romance

February is widely associated with love and romance primarily due to Valentine's Day on February 14th. Many people look to businesses to spread affection and appreciation to their loved ones.

Leap Year

February 2024 is a leap year that occurs every 4 years, adding a 29th day to the month.

Winter or Summer Season

Depending on the hemisphere, February is associated with either winter (in the Northern Hemisphere) or summer (in the Southern Hemisphere). It marks the continuation of the seasonal weather patterns, with winter activities or summer vacations.

Black History Month

February is recognized as Black History Month. It's a time to celebrate and acknowledge the achievements, contributions, and history of African Americans.

Everything you need to know about February:

- ★ February is the second month of the year.
- ★ February 2024 is a leap year meaning it has 29 days.
- ★ The birthstone for February is amethyst, a purple variety of quartz. It is believed to bring clarity and sobriety to the wearer.
- ★ The zodiac signs for February are Aquarius (January 20 - February 18) and Pisces (February 19 - March 20).
