

FREE Tutoring resources for JLHS students 2025-2026

The first resource for you if you are having trouble in a class is **your teacher**.

- Your teacher will know your attendance, your work habits, your strengths and your weaknesses.
- It is best to go to them first so that you are on the same page about what you need to get done, and so you can follow their recommendations.
- It is also very valuable for you to attend their office hours so that you can ask questions and display to them how much you care about being successful in their class.
- If you are having difficulty communicating with your teacher please reach out to your parents, counselor and/or your administrator for further assistance.
- Don't wait until it is too late before you ask for help!

James Logan High School Virtual Mentoring Program

Request the help of a peer mentor in math, science, and foreign languages.

- Application is available on the Mentee page of the [Mentoring website](#)
- Please READ ALL INSTRUCTIONS carefully when applying
- Students may request for help in two subjects from math, science, and world languages; be sure to indicate priority on the application form
- Mentors will be matched on a first come first serve basis, and upon availability of mentors for subjects requested help for
- All mentees will be required to attend a Zoom meeting to review procedures and answer questions. These meetings will be held in the evening or on a Saturday morning
- Please be patient as it may take one to two weeks to start matching mentors to mentees
