?Are video games a good way to keep fit

Nowadays, many teenagers have got video consoles at home and they often like playing active
.video games. These are good for you for a number of reasons
First of all, I think that active video games are a good way to keep fit. There are lots of different
types of exercise you can do such as basketball, water- skiing and dance. What's more, you can
play them in the comfort of your own home. in my opinion, these games are fun and interactive
because you can play them with friends, if you play online, you don't need to be in the same
.place as your friend to play
In addition, you can play them whenever you want. Some people think that it's better to do
exercise outside in the fresh air. Although this is true, it's actually difficult to play outside when
.it's raining or very hot so video games are a good alternative
To sum up. I believe that video games are a fun and social way to keep fit. I think they are a good
.option when you can't play outdoors and they might encourage people to do more exercise

LISTENING 2 (Items 6-10)

(5 marks)

You are going to hear a story about *a girl called Sarah*.

Listen and for each item, write a short answer (*not more than FOUR WORDS*).

Once upon a time, there was a girl called Sarah who lived in a little grey house in a forest. There weren't any other houses or roads and there weren't any people. There were only trees and wild animals. Wolves, bears and big cats lived in the forest. The house wasn't very big but it was a comfortable house. Upstairs, there was a small bedroom and downstairs there was a kitchen and one big room. In the big room there were two windows and two doors. In the kitchen there was a cooker, a cupboard with plates in it and a big table in the middle. One winter evening when it was very cold outside, the family was warm and comfortable in the house. Sarah's father was reading a story. Her mother was preparing food in the kitchen. Sarah was playing with her little sister Laura. The cat and the dog were sleeping beside them. They were all happy.
