A member who wishes to present a case to the Steering Committee (“Petitioner”) must notify all members of the Steering Committee and the Executive Board of their intent to attend a Steering Committee meeting and present a suspension case. This notification must be provided no less than one week in advance of the desired Steering meeting date. Upon receipt of this notification, the member will be informed of the meeting’s date, time, and modality (in-person or virtual). If the petitioner is already a member of the Steering Committee, no additional notification is required.

c. Presentation of Case:

The Petitioner will present their case to the Steering Committee. If the respondent is a member of the Steering Committee, they will be excused from this portion of the meeting.

- a. The Steering Committee will vote to determine if the allegations meet the grounds for suspension. The Steering Committee shall review the allegations, verify by motion and vote whether the Student Council member shall be suspended or eligible for a resolution plan proposal.

- i. **Resolution Plan:** In the event the Steering Committee votes to suspend the member, the Steering Committee can decide to develop a resolution plan or proceed to the removal vote. The resolution plan outlines the specific steps the respondent will take to remedy the issue. The petitioner and/or respondent, if they are a member of the Steering Committee, are to be excluded from voting on the suspension and from participating in the meeting during the vote and the creation of the resolution plan. If the respondent is the Presiding Chair, the next officer in succession will chair the case presentation and voting process. If the respondent accepts the resolution plan, they will enter a 30-day probation period during which the respondent will remain suspended. During this period, if the steering committee determines the respondent fails to adhere to the Resolution plan or commits any further violations pursuant to the grounds outlined in Article V, section 2, this automatically subjects the respondent to a removal vote. If no violations occur during the 30-day period and the respondent adheres to the resolution plan, they are formally reinstated to their full position. If the respondent procures any violation following their reinstatement, they are automatically removed from the Student Council.

- d. **Notification of Suspension:** Upon the Steering Committee's decision to suspend, the Presiding Chair will formally notify the respondent of the suspension and any resolution plan within 24 hours of the Steering Meeting. The notification will include a summary of the case, and the specific requirements of the resolution plan. The suspended member will have seven (7) business days to accept the resolution plan—if applicable—or voluntarily resign from their position. If the member does not respond within seven (7) business days, they will no longer be able to resign voluntarily or accept the proposed resolution plan and will proceed to the removal vote.

Reinstatement or Removal: Pursuant to the terms of the resolution plan and no less than within thirty (30) calendar days of the suspension, the Student Council must vote to either reinstate or remove the suspended member. If the Student Council votes to reinstate the suspended member, they will resume their official duties and regain their voting rights on all Student Council matters. If the vote results in removal, the removal process will proceed as outlined in the removal section below.

2. Removal procedures

- a. A Student Council member may be removed pursuant to the grounds outlined in Article V, Section 2. Once a suspension is in place, should the member fail to adhere to the resolution plan, or if the suspension period concludes without reinstatement, the process for removal will proceed.
 - b. There are three removal procedures: removal by vote of the Student Council, removal by trial—which shall be overseen by the Judicial Committee under the Office of the Dean of Students, and automatic Removal.
3. **Removal by Vote:** If it is determined that a member should face removal, Student Council shall proceed as indicated below.
1. *Once the Steering Committee has decided to move forward with the removal, the Presiding Chair will notify all Student Council members at least three (3) business days in advance of the date, time, and modality of the Student Council meeting where the removal vote will occur. This notice shall include all meeting materials to be considered at the removal meeting.*
 2. *All parties may present their cases through written testimonies which will be documented by the Presiding Chair as well as a faculty specialist, advisor, and/or faculty liaison who can be*

deemed a neutral party by the Student Council with simple majority. The Respondent will be given the opportunity to submit evidence, witnesses, or a defense statement. This submission must be made no later than 48 hours before the removal meeting.

3. The Presiding Chair of the removal meeting will be in the order of President, executive specialist, faculty liaison, or advisor. If it is determined by the Steering Committee, upon vote by the Steering Committee or petition of any Student Council member that the President has an underlying bias or predisposition for or against the Petitioner or Respondent, the Steering may vote to nominate for the duration and to the extent of the removal the person next in the line of the aforementioned presiding chair succession. The next chairperson successor must accept the nomination and swear that they will remain non-partisan for the duration of the removal meeting.
4. In the case that the Respondent in question is the President, a petition may be created by the remaining Executive Board or at least half of the representatives to initiate the chairing of the removal process to the Vice President or next person in succession after the President. Once the petition is formally received, the Vice President will have the authority to call an emergency meeting of the Steering Committee and act as the de-facto chairperson for all meetings for the duration of the removal process. However, the Vice President can only vote on the removal in the event of a tie.
5. **The Removal Presentation:**
 - i. In the respective meeting, the Steering Committee or the individual who initiated the removal process will present the case to the Student Council. This will include a summary of the case for removal, outline of the grounds for removal, and the behavior or actions that led to the suspension. Supporting evidence in the form of documents, emails, testimonies, or witness statements that support the claim for removal may be presented. The Petitioner may also call witnesses to testify in support of the case for removal.
 - ii. The respondent may present their defense. This can include evidence in the form of documents, emails, testimonies, or witness statements to counter the Petitioner's claims. The Respondent can make a personal statement addressing the allegations and their actions in response to the initial suspension.

- iii. After both parties have presented their case, Student Council members may ask clarifying questions of both the Petitioner and the Respondent. Each question should be aimed at understanding the full context of the case and ensuring all relevant facts are considered before voting.
6. **Voting:** All Student Council members who are present and eligible to vote may participate, except for the presiding chair, the Petitioner, or the Respondent; these members will be excluded from voting.
- a. **Removal Threshold:** Removal by vote of the Student Council shall require a two-thirds majority vote of the Student Council members in attendance of that meeting.
 - b. **Removal Notification:** The Presiding Chair will notify the removed member via email within 24 hours of the decision. The notification will include:
 - i. The vote outcome (anonymously).
 - ii. The reason for removal.
 - iii. A summary of the evidence and presentations made during the hearing.
 - iv. The effective date of removal.
 - c. The Presiding Chair shall send notice of the removal to the Dean of Students and other relevant administrative offices for record-keeping.
 - i. **Appeal Process**
The Student Government Member facing removal may appeal the decision to the Dean of Students. The appeal must be submitted in writing (i.e., email) within seven (7) calendar days of the removal notification. The Dean of Students will review the appeal and either affirm or overturn the removal decision within two (2) weeks.
7. **Removal by trial:** Shall be overseen by the Judicial Committee under the Office of the Dean of Students.
- a. The Judicial Committee shall be composed of the Dean of Students, the Director of Student Affairs, as well as three (3) student members who are not members of the Student Council or any other student-council committees, and have not held a Student Council position during their enrollment.

- b. A removal by trial is commenced when a petition is submitted to the Office of the Dean of Students, addressed to the Judicial Committee. The petition must state the grounds for removal and be signed with at least one hundred fifty

(150) members of the student body. It must include each signatory's full name and EMPLID (student ID number) for verification. *The Office of the Dean of Students shall verify the signatures of the petitions and shall convene the Judicial Committee within two weeks of receiving the petition.* The first signatory of the petition shall be the complainant for the petition ("Complainant"). The Judicial Committee shall review the merits of the petition and request that both Complainant and Respondent submit evidence in regard to the removal claims brought against the respondent. There shall only be one period of evidence collection, decided on by the Judicial Committee. After full consultation with all involved parties, the Judicial Committee shall set a date for an open hearing, that shall be no later than three weeks after receiving the petition.

- i. Parties can present documents, emails, testimony and/or written or oral explanations of their case. After each presentation, the Judicial Committee members may ask clarifying questions of the parties or witnesses. Both parties may give a closing statement summarizing their case and response to the evidence.
- ii. The Judicial Committee must ensure that the student body is given at least one *(1) week's notice of an open hearing. The case against the removed member shall be made by the Complainant. The Respondent may either make their own case or make no case during the open hearing.*

1. Following the conclusion of the open hearing, the Judicial Committee shall meet in closed session to consider the evidence, and vote on the removal of the Student Council member by a simple majority vote. A written decision must be made regarding the removal of the Student Council member within one (1) week after the conclusion of the open hearing and sent to the Student Council.

2. In the event that the President is the subject of suspension or removal, the Vice President shall serve as Interim president until the disposition of the case.
8. **Automatic Removal:** Members suspended twice from the Student Council are deemed automatically removed and may never hold a position within the Student Government at John Jay College for the remainder of their enrollment at John Jay College.

Section 4 – Removal of the University Student Senate Delegates

A. In addition to the removal procedures outlined above, individual USS Delegates and Alternates are subject to the USS Constitution and By-laws, Article II. Those conditions have been reproduced here in compacted form and written with specific regards to John Jay College.

In addition, the following procedures may be initiated to remove a Club Executive Officer:
- i. Should a majority of the active members of a Student Organization or Club deem that an Executive Officer has failed to act in accordance with the member's constitutional role or duty, such member shall be suspended by a simple majority vote at a meeting of the club in question. The Executive Board of the Club or Student

Organization shall not have the jurisdiction to overrule decisions made by the active members.
