Sigma Pi – Eta Sigma Chapter:

Sigma Pi is a fraternal organization of friends called brothers. While getting a college degree is their first priority, they balance academics with a variety of activities such as intramural sports, camping, skiing, and other social gatherings. They also raise money for charity and participate in events with other clubs and greek organizations.

Being in Sigma Pi means more than just wearing Greek letters, attending meetings, and going to social events. It is about making friendships that will last far beyond your college years. It enhances your personal development through a commitment to the ideals of scholarship, leadership, and service. Fraternities look for students who share similar goals and values while respecting your individuality. Your brothers are there to support you and help make the many transitions during college easier and more memorable.

Philanthropy:

Sigma Pi offers many ways to connect with each other and the community. Part of being a member of Sigma Pi is a commitment to helping others. Together, we host and participate in many philanthropic activities as a chapter and in combination with other Greek and club organizations.

We partner with the university each semester to help local elderly residents in the community, raise money for St. Jude Children's Hospital, clean up natural areas, and host regular fundraising events for Realities for Children. We also participate with other greek organizations at their philanthropic events.

Social Activities:

The bonds of brotherhood are forged in many ways. We try to strike the right balance between academics and fun. The fraternity uses its resources to support different opportunities to socialize. Examples include weekend parties, trips (Spring Break at Winter Park, Lake Havasu, and South Padre Island), alumni gatherings, and formal events such as the Orchid Ball. We also play intramural sports such as soccer, flag football, and basketball. We also meet up to attend CSU sports functions and other local events.
