Information

"**Dr.[NAME PENDING]'s list of names**" is a collaborative effort in order to help Dr.[NAME PENDING] find a suitable replacement for his legal name. Despite the genuine search, he encourages additions made in humour alongside serious suggestions. This list is also made to bring community and humour to Site-19 and other Secure Facilities.

Name Rules

*No matter how ridiculous the name, it will be accepted to the list **as long as it abides by the following rules:***

- 1.) Variations of the word "Bright" or the name "Jack" are immediately denied.
- 2.) It does not include a slur of any variety.
 - a.) This includes slurs he may reclaim personally.
- 3.) It does not include any word related to discrimination or harassment.
 - a.) This includes Racism, Queerphobia, Xenophobia, Etc.
 - b.) This includes names of people who are known for their harassment of others.
 - c.) Pedophilia jokes are highly unacceptable.
- 4.) Don't dox yourself
 - a.) Suggesting your full address as a name or anything of the sort is plain stupid, not funny.
- 5.) Do not suggest names of his known family members.
 - a.) "Thomas" of TJ, SCP-590, is banned along with "James".

Suggestion and Notation

Do not mark anything as resolved unless you have proper jurisdiction, nor should you comment/suggest anything outside of what is stated to be allowed.

The following are the valid ways in order to get a suggestion added to the list:

- 1.) Directly contacting Dr.[NAME PENDING] on any platform, including outside of SCiPNET communication.
- 2.) Contacting Dr.[NAME PENDING]'s assistant, Agent Diogenes.
- 3.) Calling Dr.[NAME PENDING] a new name in informal or professional conversation, including as a joke.
- 4.) Commenting by highlighting this text, NOT adding to the list yourself. Once reviewed, submissions will either be marked as resolved and added to the list or deleted.

Commenting on names is allowed and will be processed the same as suggestions. Please make sure to highlight the correct name when commenting.

Standard format for commentary:
