

*I made tie-dye at Art In The Park... now what?*

## **TIE DYE INSTRUCTIONS:**

1. Keep the dyed project wrapped in plastic to keep it damp. Let set for at least 6-8 hours or overnight for the most intense colors.
2. Cut or remove rubber bands if used.
3. Rinse the garment in the sink or tub in cool water, until the water runs clear.
4. Machine wash separately, on a warm cycle - no fabric softener, no soap. (You may wish to wash it twice to ensure no dye is left!)
5. Dry as usual and enjoy!

***You are now the proud owner of a new tie-dyed t-shirt! Enjoy!***
