

Information and Declarations Form for Article Publication**INSTRUCTIONS**

This form must be fully completed and signed by all authors of the article. If necessary, attach the requested authorizations. Save the final document as a single PDF file. The final document must be attached in the “Add discussion” field on the “Copyediting” tab in the [RBTUR editorial system](#).

IDENTIFICATION

Article title: _____

AUTHORSHIP

Fill in all the items in the following block for each of the authors.

AUTHOR 1

Full name: _____

Institution: _____ (use the [ROR](#) standard)

Email: _____

ORCID: <https://orcid.org/>_____

Short biography: _____ (max. 500 characters)

Authors' contributions: (Check all and only applicable contributions. Standardized nomenclature by [CRediT](#). See definitions at <https://credit.niso.org>. At least one of the following contributions is required for each author: 1, 3, 5, or 6. Besides, at least one of the following contributions is also required for each author: 13 or 14.)

- () 1. Conceptualization
- () 2. Data curation
- () 3. Formal analysis
- () 4. Funding acquisition
- () 5. Investigation
- () 6. Methodology
- () 7. Project administration
- () 8. Resources
- () 9. Software
- () 10. Supervision
- () 11. Validation
- () 12. Visualization
- () 13. Writing – original draft
- () 14. Writing – review & editing

AUTHOR ____ (Fill in with the author's number, following the order of authorship in the article.)

Replicate or delete this block according to the number of authors in the article. At least one of the following contributions is required for each author: 1, 3, 5, or 6. Besides, at least one of the following contributions is also required for each author: 13 or 14.)

Full name: _____

Institution: _____ (use the [ROR](#) standard)

Email: _____

ORCID: <https://orcid.org/> _____

Short biography: _____ (max. 500 characters)

Authors' contributions: (Check all applicable contributions. Standardized nomenclature by [CRediT](#). See definitions at <https://credit.niso.org/>.)

- ☐ 1. Conceptualization
- ☐ 2. Data curation
- ☐ 3. Formal analysis
- ☐ 4. Funding acquisition
- ☐ 5. Investigation
- ☐ 6. Methodology
- ☐ 7. Project administration
- ☐ 8. Resources
- ☐ 9. Software
- ☐ 10. Supervision
- ☐ 11. Validation
- ☐ 12. Visualization
- ☐ 13. Writing – original draft
- ☐ 14. Writing – review & editing

GENERAL ARTICLE INFORMATION

Acknowledgments: _____ (Enter the text to be included in the article.)

Funding sources: _____ (Enter the text to be included in the article.)

If the article was deposited in a preprint repository, provide the URL: _____

DATA AVAILABILITY STATEMENT

Check only one alternative

- ☐ Relevant data are available in SciELO Data at _____. (fill in the URL. Data should be made available in [RBTUR dataverse at SciELO Data](#). The repository URL will be included in the article.)
- ☐ All relevant data are available in the text. (not available for articles based on primary data collection or secondary data sources.)
- ☐ Data must be requested from the author at the email _____. (fill in email)
- ☐ Data are not available due to _____. (state the reason: ethical restrictions / copyrights / other – specify)

IMAGES

Does the article include any images?

☐ Yes

☐ No

If the article includes any images, fill out all the items in the following block for each image.

IMAGE 1

Title and number of the image: _____ (e.g.: Figure 1)

What is the copyright status of the image?

☐ The image was created by one of the article's authors.

☐ The image was licensed by the owner under the [CC-BY 4.0](#) license, as can be verified at the URL _____ (fill in the URL)

☐ The image owner granted permission for use and publication of the image under the [CC-BY 4.0](#) license, as per a signed document attached to this form.

☐ Other. Specify: _____. (describe)

Was the name of the image owner indicated directly below the image in the file? ☐ Yes ☐ No

IMAGE ____ (Record sequential numbers, listing all the figures in the article.)

Title and number of the image: _____ (e.g.: Figure 1)

What is the copyright status of the image?

☐ The image was created by one of the article's authors.

☐ The image was licensed by the owner under the [CC-BY 4.0](#) license, as can be verified at the URL _____ (fill in the URL)

☐ The image owner granted permission for use and publication of the image under the [CC-BY 4.0](#) license, as per a signed document attached to this form.

☐ Other. Specify: _____. (describe)

Was the name of the image owner indicated directly below the image in the file? ☐ Yes ☐ No

CONSENT FOR IDENTIFICATION AND IMAGE RIGHTS

Is any natural person identifiable in the article (including in the main text, in any image, or in any other element) or in the supplementary material? (Only the two alternatives below are acceptable. Divergent situations must be properly converted into one of these two alternatives.)

Check all that apply

- ☐ Artificial intelligence tools were not used.
- ☐ Artificial intelligence tools were used in the writing or translation process to improve manuscript readability and language.
- ☐ Artificial intelligence tools were used as the research subject, with usage detailed in the Methods section.
- ☐ Artificial intelligence tools were used for other purposes. Which? _____. (describe)

DECLARATIONS AND SIGNATURE(S)

All authors must sign this document. Brazilian authors must use the [gov.br signature system](#). Authors from other countries may use national signature systems or scan their signatures. Replicate or delete signature spaces according to the number of authors of the article.

By signing this document, the author declares that:

1. The data used in the article are legitimate and have not been fabricated, altered, or falsified;
2. The text is entirely original and written by the authors, not previously published, except for direct quotes from other texts identified by quotation marks or set in exclusive indented paragraphs;
3. The article has not been published in any other venue except as academic work (dissertation or thesis);
4. The statements made in this document are true and correspond to the facts;
5. The author is aware that detection of falsehood or inaccuracies in these statements may result in revocation of publication approval or retraction of the article, which may be publicly disclosed, without prejudice to other sanctions provided by current legislation.

The author also undertakes the following commitments:

1. to make corrections or retractions after publication if errors are identified;
2. to act as reviewers of articles submitted to RBTUR when invited.
